ATTENTION

Your policy includes Supplemental Spousal Liability insurance, which provides bodily injury liability coverage under a motor vehicle insurance policy when a person is injured or killed in a motor vehicle accident caused by the negligence of the person's spouse.

No action is needed if you want to keep this coverage. However, if you wish to decline this coverage, it must be done in writing by the named insured. To decline Supplemental Spousal Liability insurance in writing, you can complete and sign the SUPPLEMENTAL SPOUSAL LIABILITY INSURANCE DECLINATION FORM that is included in this policy packet and return the signed form to your agent or insurance representative.

746387

SUPPLEMENTAL SPOUSAL LIABILITY INSURANCE DECLINATION FORM

New York State law requires an insurer issuing or delivering a policy that satisfies the requirements of New York Vehicle and Traffic Law Article 6 provide supplemental spousal liability insurance in such policy unless the named insured in writing, to decline and refuse such insurance in the insured's policy.

Supplemental spousal liability insurance provides bodily injury liability coverage under a motor vehicle insurance policy when a person is injured or killed in a motor vehicle accident caused by the negligence of the person's spouse. If you decline this coverage, then the injured or deceased spouse would not be covered under the bodily injury liability coverage in the policy.

Supplemental spousal liability insurance is included within the policy's bodily injury liability limits and does not increase the amount of those limits.

The additional premium for supplemental spousal liability insurance is 5% of the bodily injury liability coverage premium. If you do not decline this insurance in writing, supplemental spousal liability insurance is automatically included in your motor vehicle insurance policy.

If you are unsure whether this coverage is appropriate for you, you should speak with your insurance company representative or a licensed insurance producer.

☒ I hereby decline supplemental spousal liability insurance.

New York Supplemental Spousal Liability Coverage Notice

New York State law requires an insurer issuing or delivering a policy that satisfies the requirements of New York Vehicle and Traffic Law Article 6 to provide supplemental spousal liability insurance, unless the named insured in writing, to decline and refuse such insurance in the insured's policy.

Supplemental spousal liability insurance provides bodily injury liability coverage under a motor vehicle insurance policy when a person is injured or killed in a motor vehicle accident caused by the negligence of the person's spouse.

Supplemental spousal liability insurance is included within the policy's bodily injury liability limits and does not increase the amount of those limits. For example:

Insured's bodily injury policy coverage limit: \$100,000/\$300,000

Insured's bodily injury damage claim paid to spouse: \$75,000

Insured's bodily injury policy coverage limit available to all other claimants subject to a maximum of \$100,000 per person: \$225,000

This example assumes the spouse and other claimants involved in the accident have a right to sue the insured for economic loss or for non-economic loss (i.e., pain and suffering) sustained as a result of a "serious injury" as defined in Section 5102(d) of the Insurance Law. It must also have been shown that there was negligence on the part of the insured.

If you decline this coverage, then the injured or deceased spouse would not be covered under the bodily injury liability coverage in the policy.

The additional premium for supplemental spousal liability coverage is 5% of the bodily injury liability coverage premium. The premium for bodily injury liability and supplemental spousal liability can be found on your Declaration's Page. If you do not decline or have not previously declined this coverage in writing, supplemental spousal liability insurance is automatically included in your motor vehicle insurance policy. If the supplemental spousal liability insurance is not declined in writing, failure to pay the supplemental spousal liability premium may result in the issuance of a policy cancellation notice for nonpayment of premium.

Important Notice
Consequences of Driving Under the Influence of Alcohol or Drugs

Please Read Carefully

TO ALL OPERATORS OF MOTOR VEHICLES IN NEW YORK STATE

As your insurance company, we are required by law to advise you of the legal and financial consequences of being convicted of operating a motor vehicle while under the influence of alcohol or drugs. We strongly endorse the message conveyed by the law – that it does not pay to drink and drive.

Alcohol or drug impairment is a major problem involving not only the impaired driver, but other innocent drivers and pedestrians. We are constantly reminded of the serious consequences of drinking and driving, yet property damage, injuries and deaths caused by alcohol or drug-impaired driving continue to be a major problem. In fact, studies (such as those published in "Fatality Facts 2010" by the Insurance Institute for Highway Safety- Highway Loss Data Institute) show that alcohol or drug use is a contributing factor in a significant number of all fatal motor vehicle accidents, as shown in the following table.

**Percent of Fatally Injured Passenger Vehicle Drivers
(with BAC > or = .08%)**

Overall	33%
Nighttime (9 p.m. - 6 a.m.).....	59%
Weekends (6 p.m. Friday - 6 a.m. Monday)	45%
Weekdays	25%
Nighttime single-vehicle crashes	68%

In recent years New York State has made significant changes to strengthen its driving while intoxicated laws, and these changes have extremely serious consequences for motorists who choose to drive while intoxicated or impaired by alcohol or drugs. A new crime of aggravated driving while intoxicated ("Agg DWI") was created, which prohibits: driving a motor vehicle while having a blood alcohol content ("BAC") of .18 % or more; or committing most driving under the influence of alcohol or drugs offenses while a child who is 15-years-old or younger is a passenger. In addition, a new crime of driving while ability impaired by the combined influence of drugs or of alcohol and any drug or drugs ("DWAI Combined Influence") was created.

The law generally prohibits "plea bargaining" to a non-alcohol/drug-related driving offense. Moreover, every motorist who is convicted of driving while intoxicated ("DWI") or Agg DWI must be sentenced to probation or conditional discharge (in addition to any fines or imprisonment) and in connection with that sentence, must install at the motorist's own expense an ignition interlock device ("IID") in all vehicles that the motorist owns or operates (with the exception of certain employer-owned vehicles) for at least six months. In addition to the criminal penalties associated with driving under the influence of alcohol or drugs convictions, such convictions also carry with them substantial driver's license suspension or revocation periods. Motorists who are convicted of any alcohol or drug related driving offense (even if it is a traffic infraction as opposed to a crime) must pay a \$750 driver responsibility assessment ("DRA") in addition to fines, mandatory surcharges, and other related fees and penalties.

In addition to facing prosecution for the various alcohol and drug-related driving offenses defined in the Vehicle and Traffic Law ("VTL"), motorists who injure or kill others while driving under the influence of alcohol or drugs may be charged with committing crimes under the Penal Law. New laws have increased the penalties for vehicular assault and vehicular manslaughter, and new crimes of aggravated vehicular assault and aggravated vehicular homicide have been created as part of New York's continuing efforts to punish intoxicated and impaired drivers who injure or kill others.

This notice provides general information on the penalties for convictions of operating a motor vehicle while under the influence of alcohol or drugs. Be aware that stiffer penalties are levied in certain situations involving a motorist who holds a commercial driver's license ("CDL") or for convictions of such impairment while operating a commercial vehicle, especially when transporting certain hazardous materials.

Please familiarize yourself, and anyone else who operates your vehicle, with this important information. Please remember:
If you drink, don't drive!

BASIC PENALTIES, DEGREE OF IMPAIRMENT AND INSURANCE PENALTIES

If you are convicted of an alcohol or drug related driving offense defined in the VTL, then there are extremely serious consequences. Some of the consequences are criminal or penal in nature, while others are civil or administrative in nature.

The criminal consequences may include all or some of the following: court imposed fines and surcharges, a sentence of probation or conditional discharge with a condition that you install and maintain an IID in all vehicles you own or operate, and imprisonment.

If you cause a death or serious injury as a result of a traffic accident while intoxicated or impaired by alcohol or drugs, then you may face additional criminal charges under the Penal Law for vehicular assault, aggravated vehicular assault, vehicular manslaughter, and aggravated vehicular homicide, punishable by up to 15-25 years in prison.

The civil or administrative consequences will include fines, mandatory surcharges and related fees levied by the Department of Motor Vehicles ("DMV"), and the suspension or revocation of your driver's license by DMV. You also will be charged a \$750 DRA payable in three annual payments of \$250, in addition to any fines and mandatory surcharges and related fees that are imposed. If you fail to make a required DRA payment, then your license will be suspended indefinitely until the amounts owing are paid.

If you are convicted of an alcohol or drug related driving offense in New York State, then depending on the severity of the offense or if you had prior offenses, your license will be suspended for 90 days at a minimum or revoked for a minimum of six to 18 months.

If you are convicted of an alcohol or drug related driving offense inside or outside of New York State that you committed when you were under the age of 21, then the license consequences are generally more severe: if it is a first offense, then your license will be revoked for at least one year and if it a second or subsequent offense, then your license will be revoked for at least one year (18 months for Agg-DWI offense in NYS) or until you become 21, whichever is **longer**.

If you are age 21 or older and you are convicted of an out-of-state alcohol-related driving offense, then in addition to the penalties imposed by the state where the offense occurred, your New York driver's license will be revoked for at least 90 days; if the out-of-state offense is a drug-related driving offense, then your driver's license will be revoked for at least six months.

If you are the holder of a CDL and you commit an alcohol or drug-related driving offense (regardless of whether you were driving an automobile or a commercial vehicle at the time of the offense), then your CDL will be revoked for at least one year. A motorist holding a CDL who commits two such violations will have his or her CDL revoked for at least 10 years and a third violation will cause a permanent, lifetime revocation.

Although refusing to take a chemical test (of breath, blood, or urine) is not a crime or traffic infraction, a driver who meets the criteria for being considered a "first offender" and who refuses to take a chemical test may have his or her driver's license revoked for at least one year (18 months for a CDL) and must pay a civil penalty of \$500 (\$550 for a CDL). If you are considered a repeat offender due to a prior refusal or conviction for an alcohol or drug-related driving offense or for certain other offenses, then you will be required to pay a civil penalty of \$750 and may have your driver's license revoked for at least one year (10 years minimum for a CDL).

If your license is suspended or revoked for commission of an alcohol or drug-related driving offense, then you may be eligible for a conditional license ("CL") that will afford you some limited driving privileges during the sanction period (no CDL privileges are granted by a CL). In order to obtain a CL, you will have to enroll in an approved drinking driver program ("DDP"), pay the required fees, and meet other eligibility requirements. DMV charges a \$75 administrative fee upon DDP enrollment, and the DDP charges an additional course fee of up to \$225. You may be referred by the DDP for formal substance abuse evaluation or treatment at an additional cost. If you fail to complete the DDP or any required evaluation or treatment, then your CL will be revoked. If you commit almost any traffic infraction while holding a CL, then the CL will be revoked. Typically, if your CL is revoked, your original license suspension or revocation will be reinstated for its full length with no credit being given for the time you held the CL. During a suspension or revocation period, you may not lawfully drive for any reason.

If you do not have a CL and you drive while your license is suspended or revoked due to an alcohol or drug-related driving conviction or a chemical test refusal, you may be convicted of aggravated unlicensed operation of a motor vehicle ("AUO") in the second degree, subject to a fine of \$500 to \$1,000, and sentenced to either imprisonment for seven to 180 days, or probation with a possible condition of alcohol or drug treatment imposed.

HOW MANY DRINKS MAKE YOU LEGALLY INTOXICATED?

In New York State, you are legally intoxicated when your BAC reaches .08%. You are considered to be driving while ability impaired ("DWAI") when your BAC is more than .05%, but less than .08%.

Any amount of drinking will affect your judgment and coordination. The degree of impairment depends on four basic factors:

- (a) how much you drink;
- (b) how long you drink;
- (c) eating before or during drinking, as food slows absorption of alcohol; and
- (d) your body weight.

A 12-ounce can of beer, 5-ounce glass of wine, or a shot of 86-proof liquor all contain the same amount of alcohol. Your body metabolizes about one drink each hour. Only time will truly sober you up, not coffee, a walk, or a cold shower.

Therefore, if you consume more than one drink per hour, the likelihood is that you are at least DWAI if you weigh around 110 pounds and had two drinks, or DWAI if you had three drinks and weigh 170 pounds or more. As a rule of thumb, for an average 140-160 pound person, BAC level rises .02% per hour per drink.

As an example, a 140-pound person who consumes five drinks in a two-hour period will have a .08% BAC (deducting .02% for the passage of time). Even if no more alcohol is consumed, that individual may not safely drive for at least four hours. Remember, any elevation in BAC will impair your judgment and coordination.

ALCOHOL/DRUG-RELATED CONVICTIONS AND YOUR AUTOMOBILE INSURANCE POLICY

Suspension or revocation of your driver's license or the driver's license of any person who normally operates an automobile insured your policy is just cause for your insurance company to cancel your automobile insurance policy.

A conviction of driving while impaired or intoxicated through the use of alcohol or drugs will probably result in non-renewal of your insurance policy, and in your inability to obtain insurance with another company in the voluntary market. You will then find yourself relegated to the New York Automobile Insurance Plan ("Assigned Risk Plan") at a substantially higher cost.

Currently, the Assigned Risk Plan, a conviction of operating a motor vehicle while intoxicated or impaired by the use of alcohol or drugs will result in a 75% surcharge, increasing your automobile insurance premiums for three years. Most automobile insurance companies also will surcharge your premiums substantially for any convictions of operating a motor vehicle while the influence of alcohol or drugs.

NO-FAULT EXCLUSIONS/CONDITIONS

Another reason for not driving in an intoxicated or impaired condition due to drinking or drugs is that your no-fault insurance benefits will not be available to you if you are injured as a result of this condition, except for necessary emergency health services rendered in a general hospital or by an ambulance attendant. Subsequent basic economic loss (such as general medical expenses, wage loss, other necessary expenses, or a death benefit) attributable to your own bodily injury would fall outside of the no-fault insurance system. It is important to be aware that your auto insurance company may seek to collect from you the amount paid or payable for the emergency health services provided to you if you are found guilty of operating the vehicle while the influence of alcohol or drugs pursuant to the VTL. If you permit a "designated driver" (i.e. a non-DWI or non-DWAI person) to drive your vehicle for you, then full no-fault insurance benefits will be available to you and all occupants of your vehicle in case of an accident.

Here, then, are the sobering facts:

New York Supplementary Uninsured Motorist (SUM) Notification Form

You may purchase Supplementary Uninsured SUM coverage is available in the following limits:

insured Motorists (SUM) coverage as part of your insurance policy.

- \$25,000 per person/\$50,000 per accident
- \$50,000 per person/\$100,000 per accident
- \$100,000 per person/\$300,000 per accident
- \$300,000 per person/\$500,000 per accident
- \$500,000 per person/\$500,000 per accident
- \$500,000 per person/\$1,000,000 per accident
- \$1,000,000 per person/\$1,000,000 per accident

SUM provides additional insurance coverage for bodily injury, including death resulting therefrom, sustained by an insured, as a result of an accident involving a negligent owner or operator of another motor vehicle who:

- (1) may have no insurance whatsoever; or
- (2) even if insured, is only insured for third-party bodily injury coverage at relatively low liability limits, in comparison to the policyholder's own liability limits for bodily injury sustained by third-parties.

An insurer shall not offer SUM coverage in an amount exceeding the third-party liability coverage limits purchased by the policyholder. The policy shall provide coverage for any insured the policy for:

- (1) bodily injury to such person, up to the limit of the SUM coverage purchased; and
- (2) receive from the policyholder's own insurer payment for bodily injury sustained due to the negligence of the other motor vehicle's owner or operator.

The maximum amount payable the SUM coverage shall be the policy's SUM limit reduced and thus offset by any motor vehicle bodily injury liability insurance policy or bond payments received from, or on behalf of, any negligent party involved in the accident.

Mandatory Uninsured Motorists coverage is provided to all policyholders who do not purchase SUM coverage. When you purchase SUM coverage, Mandatory Uninsured Motorists coverage is automatically included. This provides for \$25,000/\$50,000 for accidents, in New York state, where you or your passengers are injured. It also provides payments of \$50,000/\$100,000 accidents, in-state, when someone is killed.

The following examples, unless otherwise noted, illustrate the proper application of SUM coverage:

1) Example One:

Insured's Bodily Injury Damages\$300,000
Insured's Liability Limit\$500,000
Insured's SUM Limit\$250,000
Other Motor Vehicle Liability Limit\$ 25,000

Result: In this example, the insured has purchased the maximum amount of SUM Coverage that must be offered by the insurer, provided that the insured has purchased bodily injury liability limits of at least \$250,000. Insured \$25,000 from the negligent owner or operator of the other motor vehicle and \$225,000 (\$250,000 minus \$25,000) the SUM coverage, for a total recovery of \$250,000.

In the event that the negligent owner or operator of the other motor vehicle had no liability insurance at all, the insured collect \$250,000 in SUM coverage from the insured's own insurer.

However, if the owner or operator of the other motor vehicle was not negligent, then the insured receive no SUM payments.

2) Example Two:

Insured's Bodily Injury Damages\$100,000
Insured's Liability Limit\$ 25,000
Insured's SUM Limit\$ 25,000
Other Motor Vehicle Liability Limit\$ 25,000

Result: Insured \$25,000 from the negligent owner or operator of the other motor vehicle. The insured nothing under the SUM coverage, which equals the mandatory UM coverage, since liability limits on the other owner or operator's motor vehicle were not lower than the liability insurance limits on the insured's motor vehicle. If the insured's liability and SUM limits were both \$50,000, then the insured collect another \$25,000 in SUM coverage from the insured's own insurer.

3) Example Three:

Insured's Bodily Injury Damages\$ 60,000
Insured's Liability Limit\$100,000
Insured's SUM Limit\$100,000
Other Motor Vehicle Liability Limit\$ 50,000

Result: Insured \$50,000 from the negligent owner or operator of the other motor vehicle and \$10,000 under the SUM coverage, which is the difference between the amount of the insured's SUM coverage and the liability coverage available from the other motor vehicle owner or operator, limited by the amount of the insured's bodily injury damages.

4) Example Four:

Insured's Bodily Injury Damages\$150,000
Insured's Liability Limit\$100,000
Insured's SUM Limit\$100,000
Other Motor Vehicle Liability Limit\$ 25,000

Result: If the insured and the owner or operator of the other motor vehicle were each 50 percent at fault for the accident, then the insured's total recovery be \$75,000, in light of the comparative negligence of the parties involved in the accident. The insured recover \$25,000 from the negligent owner or operator of the other motor vehicle and \$50,000 under the SUM coverage.

On the other hand, if the owner or operator of the other motor vehicle was totally at fault for the accident, then the insured recover \$25,000 from the negligent owner or operator and then receive \$75,000 in SUM coverage from the insured's own insurer. Had the insured liability and SUM limits of \$150,000 or more, the SUM recovery then be \$125,000.

(5) Example Five:

Insured's Bodily Injury Damages\$25,000
Passenger's Bodily Injury Damages\$25,000
Another Passenger's Damages that resulted in death ...\$50,000
Insured's Combined Single Liability (CSL) Limit\$75,000
Insured's CSL SUM Limit\$75,000
Other Motor Vehicle Liability LimitUninsured (i.e. no coverage)

Result: Since the motor vehicle was uninsured, the full \$75,000 CSL SUM limit is available for all insured from this accident under the policy. However, since the accident involves insured who were both injured and killed, the mandatory UM limits of \$25,000 per person and \$50,000 per accident for injured and \$50,000 per person and \$100,000 per accident for killed in the accident are available. Therefore, the insured and first passenger each recover \$25,000 and the second passenger's estate the full \$50,000 under the SUM coverage.

If the insured's CSL and CSL SUM limit were each \$300,000 and the insured's damages amounted to \$200,000 then all insured be covered under the SUM coverage as the total damages (\$200,000 + \$25,000 + \$50,000 = \$275,000) are less than the \$300,000 CSL SUM limit.

If you like to select limits for Bodily Injury Liability or SUM coverages that are different from those you presently have on your policy, please contact your agent.
