RATING INFORMATION – NEW YORK

Your auto has been classified under an eight character code (for example, 24NMSP10) as indicated on the policy declarations page. The information on the following pages explains the components of the classification code, and can help you determine how we classified your auto. We established the classification based on statements made by or on behalf of the named insured.

This classification is one of the components we use in developing your premiums for the following coverages: Bodily Injury and Property Damage Liability, (or Single Limit Liability), Personal Injury Protection, Medical Payments, Other than Collision, and Collision.

Each position of the eight character code represents a component of the classification plan we use. You can determine how we classified your auto by locating the eight character classification code on your policy declarations page and using the information on the following pages to determine what each character represents.

We will use code 24NMSP10 as an example to explain how your auto is classified.

24NMSP10

The 1st and 2nd characters (the **24** in the example **24NMSP10**) indicates the Operator Age Classification with which the vehicle is rated. It is based on the age of the Principal or Occasional Operator assigned to the vehicle.

24NMSP10

The 3rd character (the **N** in the example **24NMSP10**) indicates the Vehicle Use Classification.

24NMSP10

The 4th character (the **M** in the example **24NMSP10**) indicates the Gender Classification of the operator of the vehicle.

24NMSP10

The 5th character (the **S** in the example **24NMSP10**) indicates the Marital Status Classification of the operator of the vehicle.

24NMSP10

The 6th character (the **P** in the example **24NMSP10**) indicates the Principal or Occasional Operator Status of the operator of the vehicle.

24NMSP10

The 7th character (the **1** in the example **24NMSP10**) indicates the number of years the Principal Operator has been licensed. This also identifies single car risks or multi-car risks.

24NMSP10

The 8th character (the **0** in the example **24NMSP10**) indicates the Safe Driver Sub-Classification. This identifies points accumulated under the Safe Driver Insurance Plan, which is described below.

Notes:

1. If the 8th Digit is 1, 2, 3, or 4, the premium reflects a surcharge for accidents and/or convictions under the Safe Driver Insurance Plan. If you have any questions, please contact your agent or us.
2. Your Comprehensive premium will not increase as a result of any conviction or accident.

A. Classification Definitions

1. Age and Marital Status

- a. AGE means the age attained on the last birthday.

Note: Age changes occurring within 30 days of the policy inception or renewal date will be considered as the current birthday.

- b. MARRIED means a married person living with their spouse and includes a person widowed, divorced or legally separated only if such person has custody of one or more resident children.
- c. RESIDENT means anyone residing in the same household.

Classification Notes:

1. A person in active military service with the armed forces of the United States of America is not considered a resident in the applicant's household unless this person customarily operates the auto.

B. Safe Driver Insurance Plan

The Plan under which your policy is rated uses past experience, accidents and convictions, as part of the determination of your premium cost. The point system described below has been established under which those drivers that have no points receive the lowest premiums. Higher premiums are charged for other drivers based upon the number of points they have accumulated during the experience period.

1. Convictions

Points shall be assigned for convictions during the experience period for motor vehicle violations of the applicant or any other current resident operator as follows:

- a. Three points are assigned for conviction of:
 - (1) Operating a motor vehicle while intoxicated or impaired by the consumption of alcohol or impaired by the use of a drug; or
 - (2) Leaving the scene of an incident without reporting it; or
 - (3) Homicide or assault arising out of the use or operation of a motor vehicle or criminal negligence in the use or operation of a motor vehicle resulting in the injury or death of another person; or
 - (4) Operating a motor vehicle insured under the policy without a valid license in effect, except when the person convicted had possessed a valid license which had expired and was subsequently renewed, or during a period of revocation or suspension thereof, or in violation of the limitations applicable to a license issued pursuant to Article Twenty-one or Article Twenty-one-a of the Vehicle and Traffic Law.
- b. Two points are assigned for conviction of operating a motor vehicle in excess of the speed limit, or in a reckless manner, where injury or death results therefrom.
- c. One point is assigned for conviction of:
 - (1) driving at an excessive rate of speed.
 - (2) two minor moving violations (all other convictions not listed in a., b., or c.(1)).

2. Accidents

Points shall be assigned for each accident that occurred during the experience period, involving the applicant or any current resident operator, while operating an auto.

- a. One point is assigned for each auto accident that results in:
 - (1) Bodily injury, or death; or
 - (2) Total damage to all property including their own in excess of \$2,000.
- b. One point for an accident is to be assigned in addition to any points which may be assigned for a conviction as a result of the same occurrence.
- c. One point shall be assigned if, during the experience period, there were two or more accidents, each of which resulted in damage to property but has not been assigned a point under (2) above

EXCEPTIONS:

- a. No points are assigned for accidents incurred by an operator demonstrated to be a named insured or a principal operator of an auto insured under a separate policy; and
- b. No points are assigned for accidents occurring under the following circumstances:
 - (1) Auto lawfully parked;
 - (2) Applicant, owner or other resident operator involved in an accident, or the insurer:
 - (a) Is reimbursed by or on behalf of a person involved in the accident, or
 - (b) Has judgment against such person, equal to 33 1/3% or more of the value of the insured's property damage claim. For the purpose of this Exception, the value of the property damage claim is defined as the lesser of the adverse carrier's or the insured's estimate.

If you receive reimbursement from, or have a judgment against, a person responsible for the accident, you should notify us. You may be entitled to a refund of the surcharge for the accident.

- (3) Auto of an applicant or other operator resident in the same household struck in the rear by another vehicle, and the applicant or other resident operator has not been convicted of a moving traffic violation in connection with this accident;
- (4) Operator of the other auto involved in the accident was convicted of a moving traffic violation and the applicant resident operator was not convicted of a moving traffic violation in connection with the accident;
- (5) Auto operated by the applicant or other operator if struck by a "hit and run" vehicle, if the accident is reported to the proper authority within 24 hours by the applicant or resident operator;
- (6) Accidents involving damage by contact with animals or fowl;
- (7) Accidents involving physical damage, limited to and caused by flying gravel, missiles, or falling objects;
- (8) Accidents occurring when using any vehicle in the performance of their duty if the operator at the time of the accident was:
 - (a) A paid or volunteer member of any police or fire department, first aid squad, or any law enforcement agency, or
 - (b) Performing any other function on behalf of the state, any political subdivision thereof, a public authority, public benefit corporation, or any other governmental agency or instrumentality in a public emergency;

- (9) Accident results in payments under Personal Injury Protection or Additional Personal or Additional Personal Injury Protection and applicant or other operator residing in the same household is not at fault;

- (10) Accident occurring while their applicant or other resident operator operates a vehicle for hire or a motor vehicle other than a private passenger auto, and the accident occurs in the course of employment and did not result in a conviction for a moving traffic violation;

- (11) Claims for which the operator is not at fault – The establishment of a reserve shall not in itself imply that the operator was at fault;

- (12) If the operator at the time of the accident was an employee operating a motor vehicle used for business purposes, in the course of employment and in the discharge of the employees duties at the time of the accident.

This surcharge exception does not apply if the accident is determined to have been caused by the intentional action or gross negligence of the insured.

For purposes of this rule only, the term "gross negligence" shall not mean the insured's failure to refuse to drive or operate a vehicle which has a defective condition that is known to the insured, provided the insured has reported such defective condition to the insured's immediate supervisor or employer;

- (13) When the insured or other resident in the insured's household has had an accident while, pursuant to article 44-B of the Vehicle and Traffic Law, the insured or other resident in the insured's household was logged onto a TNC's digital network but not engaged in a prearranged trip or engaged in a TNC prearranged trip, and the accident did not result in a conviction for a moving traffic violation; or

- (14) When the insured or other resident in the insured's household has had an accident while, pursuant to article 40 of the General Business Law, the insured or other resident was operating a shared vehicle through a peer-to-peer car sharing program during the peer-to-peer car sharing period.

3. Inexperienced Operator

If the principal operator of the auto has no surcharge for an accident but has been licensed less than three years, one point is assigned.

4. Refund Of Surcharged Premium

If a point has been assigned in accordance with one of the following situations, we shall refund to you the increased portion of the premium generated by the point. All such refunds shall be the portion of the premium due to the surcharge for all policy periods since the inception of the surcharge.

- a. If the point is assigned for an accident and it is later determined that the accident falls under one of the exceptions listed above, or
- b. If the point is assigned for a conviction and the conviction is ultimately reversed, or
- c. If the point is assigned through mistake, misinformation, carelessness or other error, or
- d. If the insurer has established a reserve but no claim was submitted for a period of three years after the date of the incident, or the statute of limitations has run out and no suit has been filed

5. Experience Period

The experience period shall be the three years ending on the last day of the fourth month preceding the month in which the policy is effective.

C. Premium Discounts

1. A 5% discount on Comprehensive Coverage is afforded for vehicles equipped with an eligible alarm.
2. **Active Or Passive Anti-Theft Devices**
 - a. A 5% discount on Comprehensive Coverage is afforded for vehicles equipped with an eligible active anti-theft disabling device.
 - b. A 15% discount on Comprehensive Coverage is afforded for vehicles equipped with an eligible passive anti-theft disabling device.

3. A 5% discount on Comprehensive Coverage is afforded for vehicles on which a Vehicle Identification Number or other unique identifying symbol has been etched on at least the windshield, door glass, rear window, T-top and moon/sun roof.

4. A 15% discount on Comprehensive Coverage is afforded for vehicles equipped with an operational anti-theft and recovery device.

If a vehicle, is equipped with more than one of the qualifying anti-theft devices in sections 1. through 4. above, the maximum Comprehensive Coverage discount to be afforded is 25%.

5. A discount on Personal Injury Protection and Medical Payments premiums is afforded for private passenger autos equipped with eligible factory installed automatic occupant restraints, conforming to the federal crash protection requirements. Discounts are provided for restraint systems meeting the criteria of either Paragraph a. or b. below:

- a. 20% discount shall be afforded when the restraint is installed in the driver-side-only position.
- b. 30% discount shall be afforded when the restraints are installed in both front outboard seat positions.

6. A 10% Accident Prevention Course Discount is afforded on Bodily Injury and Property Damage Liability, (or Single Limit Liability) Personal Injury Protection (PIP), and Collision coverage premiums if the principal operator(s) of the auto presents to the insurer a completion certificate dated within the last 36 months certifying that they have successfully completed an approved driver improvement course.

7. A 7% discount is afforded on Bodily Injury and Property Damage Liability, (or Single Limit Liability) Personal Injury Protection (PIP), Medical Payments, and Collision coverage premiums for those private passenger autos equipped with factory installed two or four wheel Anti-Lock Braking Systems (ABS).

8. A 3% discount is afforded on Bodily Injury Liability, Property Damage Liability, (or Single Limit Liability) Personal Injury Protection (PIP), Medical Payments, and Collision coverage premiums for those private passenger autos equipped with factory installed daytime running lights (DRL).

This endorsement must be attached to the Change Endorsement when issued after the policy is written.

IMPORTANT INSURANCE INFORMATION REGARDING YOUR IDENTIFICATION CARDS

- Financial security (insurance) shall be maintained without interruption during the entire registration period regardless of whether your vehicle is driven.
- License plates must be surrendered before your insurance is cancelled or suspended without exception. This is in compliance with New York State (NYS) law. Surrendering license plates before cancellation of insurance will prevent communications from Department of Motor Vehicles (DMV) based on cancellation that insurers are required by law to report to DMV.
- If moving from NYS you must coordinate the surrender of NYS license plates and cancellation of your NYS insurance policy with obtaining a new registration and insurance policy in another state. Again, this will prevent DMV communications based on cancellation reported by insurers.
- Insurers must provide you with at least two identical Identification (ID) cards for each vehicle insured. ID cards represent that insurance is provided for the named insured and the described vehicle, as applicable, as of the effective date shown thereon.
- Encrypted 2D bar codes on ID cards contain tamper proof security features that prevent ID card fraud. The bar code contains information about your policy, effective dates of coverage and issuance date, registrant name and address, vehicle description (as applicable) and the issuer of the ID card.
- We have issued you ID cards that can be either e-mailed or faxed. Successful faxing requires equipment in good working order both sending and receiving. Faxed ID cards are only acceptable if the ID card contains a large faxable bar code that scans (is readable).
- You should check to be sure that the name and the vehicle identification number (VIN) on all Identification cards are identical to the name and VIN on all the registrations. You should immediately notify your agent/broker and/or insurer of any discrepancies. Agents/brokers and/or insurers must issue a corrected ID card and change policy records accordingly.
- You must keep one ID card in the vehicle at all times.
- An ID card must, upon demand, be shown to a law enforcement officer, judge, hearing officer or any person with whom you or other driver may have had an accident. In the event of an accident, you or the driver can also demand to see the other driver's ID card.

- The failure to produce an ID card at the request of a law enforcement officer is presumptive evidence of uninsured operation for which the driver may be given a ticket. An ID card must be produced upon demand by any driver of a vehicle; not just the registrant.
- If the second ID card is not currently required for registration purposes it should be kept in a safe place since it may be required to be submitted to DMV as proof of insurance in the future.
- Upon loss of an ID card you shall contact the insurance company, agent or broker, not DMV.
- An ID card is only as good as the policy that it represents. If for any reason the insurance policy is terminated, then the ID cards issued in conjunction with such policy are void. Any use of such invalid ID cards may be a violation of law.
- Failure to maintain liability insurance coverage continuously throughout the registration period even if the vehicle is not in use may result in the suspension of the registration and driving privileges. Registrants if eligible may opt to pay a civil penalty for each day that a vehicle was registered and uninsured one time in a 3-year period if the lapse in coverage does not exceed 90 days. A thirty-day revocation may be imposed on for hire vehicles such as taxis, liveries, buses, rentals and so forth.
- Driving without insurance, a valid registration or driver's license is subject to severe sanctions under the law. A driver may be arrested and incarcerated and the vehicle impounded. Such driver is subject to fines and surcharges in a court of law. In cases of uninsured operation DMV will impose mandatory revocation of registration and driver's license as well as substantial civil penalty.
- Fraudulent issuance or use of an ID card as proof of a non-existent policy is punishable as a misdemeanor under NYS law.

NEW YORK REQUIRED NOTICE OF AVAILABILITY OF SUPPLEMENTARY UNINSURED/UNDERINSURED MOTORISTS COVERAGE

New York law permits you to make certain decisions regarding Uninsured Motorists Coverage and Supplementary Uninsured/Underinsured Motorists (SUM) Coverage. This document describes these coverages and the options available.

You should read this document carefully and contact us or your agent if you have any questions regarding Uninsured Motorists Coverage and Supplementary Uninsured/Underinsured Motorists (SUM) Coverage and your options with respect to these coverages.

This document includes general descriptions of coverage. However, no coverage is provided by this document. You should read your policy and review your Declarations Page(s) and or/Schedule(s) for complete information on the coverages you are provided.

A. Uninsured Motorists Coverage

Uninsured Motorists Coverage provides insurance protection to an insured for damages which the insured or the insured's legal representative is legally entitled to recover from the owner or operator of an uninsured motor vehicle because of bodily injury caused by an automobile accident. Also included are damages due to bodily injury that result from an automobile accident with a hit-and-run vehicle whose owner or operator cannot be identified.

Your motor vehicle liability insurance policy includes Uninsured Motorists Coverage applicable to motor vehicle accidents that occur within the State of New York at limits of at least \$25,000 per person/\$50,000 per accident, unless you elect to purchase Supplementary Uninsured/Underinsured Motorists (SUM) Coverage described below.

B. Supplementary Uninsured/Underinsured Motorists Coverage

For additional protection under your policy, Supplementary Uninsured/Underinsured Motorists (SUM) Coverage is available. SUM Coverage can provide protection at higher limits than are available under Uninsured Motorists Coverage and provides protection with respect to automobile accidents that occur both in and out of New York State.

Supplementary Uninsured/Underinsured Motorists Limits Available:

Combined Single Limits:	50,000, 100,000, 200,000, 300,000, 500,000, 1,000,000
Split Limits:	25,000/50,000, 50,000/50,000, 50,000/100,000, 100,000/100,000, 100,000/300,000, 250,000/500,000, 300,000/300,000, 500,000/500,000, 500,000/1,000,000, 1,000,000/1,000,000

C. Basics Of SUM Coverage

Supplementary Uninsured/Underinsured Motorists (SUM) Coverage provides additional insurance coverage for bodily injury, including death resulting therefrom, sustained by an insured, as a result of an accident involving a negligent owner or operator of another motor who:

1. May have no insurance whatsoever; or
2. Even if insured, is only insured for third-party bodily injury coverage at relatively low liability limits, in comparison to the policyholder's own liability limits for bodily injury sustained by third-parties.

An insurer shall not offer SUM Coverage in an amount exceeding the third-party liability coverage limits purchased by the policyholder. The policy shall provide coverage for any insured under the policy for:

1. Bodily injury to such person, up to the limit of the SUM Coverage purchased; and
2. Receive from the policyholder's own insurer payment for bodily injury sustained due to the negligence of the other motor vehicle's owner or operator.

The maximum amount payable under the SUM Coverage shall be the policy's SUM limit reduced and thus offset by any motor vehicle bodily injury liability insurance policy or bond payments received from, or on behalf of, any negligent party involved in the accident.

New York law requires that SUM Coverage shall be equal to the Bodily Injury Liability Coverage limits in your policy, unless rejected or lower limits are selected.

D. Examples

The following examples, using per person limits unless otherwise noted, illustrate the proper application of SUM Coverage:

1. Example One

Insured's Bodily Injury Damages	\$ 300,000
Insured's Liability Limit	\$ 500,000
Insured's SUM Limit	\$ 250,000
Other Motor Vehicle Liability Limit	\$ 25,000
Result: In this example, the insured has purchased the maximum amount of SUM Coverage that must be offered by the insurer, provided that the insured has purchased bodily injury liability limits of at least \$250,000. Insured recovers \$25,000 from the negligent owner or operator of the other motor vehicle, and \$225,000 (\$250,000 minus \$25,000) under the SUM Coverage, for a total recovery of \$250,000. In the event that the negligent owner or operator of the other motor vehicle had no liability insurance at all, the insured would collect \$250,000 in SUM Coverage from the insured's own insurer. However, if the owner or operator of the other motor vehicle was not negligent, then the insured would receive no SUM payments.	

2. Example Two

Insured's Bodily Injury Damages	\$ 100,000
Insured's Liability Limit	\$ 25,000
Insured's SUM Limit	\$ 25,000
Other Motor Vehicle Liability Limit	\$ 25,000
Result: Insured recovers \$25,000 from the negligent owner or operator of the other motor vehicle. The insured receives nothing under the SUM Coverage, which equals the mandatory uninsured motorists coverage, since the liability limits on the other owner or operator's motor vehicle were not lower than the liability insurance limits on the insured's motor vehicle. If the insured's liability and SUM limits were both \$50,000, then the insured would collect another \$25,000 in SUM Coverage from the insured's own insurer.	

3. Example Three

Insured's Bodily Injury Damages	\$ 60,000
Insured's Liability Limit	\$ 100,000
Insured's SUM Limit	\$ 100,000
Other Motor Vehicle Liability Limit	\$ 50,000
Result: Insured recovers \$50,000 from the negligent owner or operator of the other motor vehicle and \$10,000 under the SUM Coverage, which is the difference between the amount of the insured's SUM Coverage and the liability coverage available from the other motor vehicle owner or operator, limited by the amount of the insured's bodily injury damages.	

4. Example Four

Insured's Bodily Injury Damages	\$ 150,000
Insured's Liability Limit	\$ 100,000
Insured's SUM Limit	\$ 100,000
Other Motor Vehicle Liability Limit	\$ 25,000
Result: If the insured and the owner or operator of the other motor vehicle were each 50 percent at fault for the accident, then the insured's total recovery would be \$75,000, in light of comparative negligence of the parties involved in the accident. The insured would recover \$25,000 from the negligent owner or operator of the other motor vehicle and \$50,000 under the SUM Coverage. On the other hand, if the owner or operator of the other motor vehicle was totally at fault for the accident, then the insured would recover \$25,000 from the negligent owner or operator and would then receive \$75,000 in SUM Coverage from the insured's own insurer. Had the insured purchased liability and SUM limits of \$150,000 or more, the SUM recovery would then be \$125,000.	

5. Example Five

Insured's Bodily Injury Damages	\$ 25,000
Passenger's Bodily Injury Damages	\$ 25,000
Another Passenger's Damages that resulted in death	\$ 50,000
Insured's Combined Single Liability (CSL) Limit	\$ 75,000
Insured's CSL SUM Limit	\$ 75,000
Other Motor Vehicle Liability Limit	Uninsured (i.e. no coverage)
Result: Since the other motor vehicle was uninsured, the full \$75,000 CSL SUM limit is available for all insured persons from this accident under the policy. However, since the accident involves insured persons who were both injured and killed, the mandatory uninsured motorists limits of \$25,000 per person and \$50,000 per accident for injured persons and \$50,000 per person and \$100,000 per accident for persons killed in the accident are available. Therefore, the insured and first passenger each recover \$25,000 and the second passenger's estate recovers the full \$50,000 under the SUM Coverage. If the insured's CSL and CSL SUM limit were each \$300,000 and the insured's damages amounted to \$200,000, then all insured persons would be covered under the SUM Coverage as the total damages (\$200,000 + \$25,000 + \$50,000 = \$275,000) are less than the \$300,000 CSL SUM limit.

In connection with this insurance, we previously used a credit report or obtained or used a credit-based insurance score based on information contained in that report. We may obtain or use credit information again, provided, however, that upon renewal such information may only be used to reduce premiums. An insurance score uses information from your credit report to help predict how often you are likely to file claims and how expensive those claims will be. Typical items from a credit report that could affect a score include, but are not limited to, the following: payment history, number of revolving accounts, number of new accounts, the presence of collection accounts, bankruptcies and foreclosures. The information used to develop the insurance score comes from LexisNexis.

NOTICE TO POLICYHOLDERS

SUPPLEMENTAL SPOUSAL LIABILITY COVERAGE – AVAILABILITY

New York State law requires an insurer issuing or delivering a policy that satisfies the requirements of New York Vehicle and Traffic Law article 6 to make available supplemental spousal liability insurance upon the written request of a first named insured and payment of the premium.

Supplemental spousal liability insurance provides bodily injury liability coverage under a motor vehicle insurance policy when a person is injured or killed in a motor vehicle accident caused by the negligence of the person's spouse.

This coverage is included within the policy's bodily injury liability limits and does not increase the amount of those limits. For example:

Insured's bodily injury policy coverage limit: \$100,000/\$300,000

Insured's bodily injury damage claim paid to spouse: \$75,000

Insured's bodily injury policy coverage limit available to all other claimants subject to a maximum of \$100,000 per person: \$225,000

This example assumes the spouse and other claimants involved in the accident have a right to sue the insured for economic loss or for non-economic loss (i.e., pain and suffering) sustained as a result of a "serious injury" as defined in Insurance Law section 5102(d). It must also have been shown that there was negligence on the part of the insured.

If you do not purchase this coverage, then the injured or deceased spouse would not be covered under the bodily injury liability coverage in the policy.

The additional premium for supplemental spousal liability insurance is \$8.00. This is the total premium for supplemental spousal liability insurance for all qualifying vehicles in your policy. If you would like to purchase supplemental spousal liability insurance, then you must request the insurance in writing and pay the additional premium.

If you are unsure whether this coverage is appropriate for you, you should speak with your insurance company representative or a licensed insurance producer.

TO ALL OPERATORS OF MOTOR VEHICLES IN NEW YORK STATE

As your insurance company, we are required by law to advise you of the legal and financial consequences of being convicted of operating a motor vehicle while under the influence of alcohol or drugs. We strongly endorse the message conveyed by the law – that it does not pay to drink and drive.

Alcohol or drug impairment is a major problem involving not only the impaired driver, but other innocent drivers and pedestrians. We are constantly reminded of the serious consequences of drinking and driving, yet property damage, injuries and deaths caused by alcohol or drug-impaired driving continue to be a major problem. In fact, studies (such as those published in "Fatality Facts 2010" by the Insurance Institute for Highway Safety-Highway Loss Data Institute) show that alcohol or drug use is a contributing factor in a significant number of all fatal motor vehicle accidents, as shown in the following table.

Percent of Fatally Injured Passenger Vehicle Drivers (with BAC > or = .08%)

Overall	33%
Nighttime (9 p.m. - 6 a.m.)	59%
Weekends (6 p.m. Friday - 6 a.m. Monday)	45%
Weekdays	25%
Nighttime single-vehicle crashes	68%

In recent years New York State has made significant changes to strengthen its driving while intoxicated laws, and these changes have extremely serious consequences for motorists who choose to drive while intoxicated or impaired by alcohol or drugs. A new crime of aggravated driving while intoxicated ("Agg DWI") was created, which prohibits: driving a motor vehicle while having a blood alcohol content ("BAC") of .18 % or more; or committing most driving under the influence of alcohol or drugs offenses while a child who is 15-years-old or younger is a passenger. In addition, a new crime of driving while ability impaired by the combined influence of drugs or of alcohol and any drug or drugs ("DWAI Combined Influence") was created.

The law generally prohibits "plea bargaining" to a non-alcohol/drug-related driving offense. Moreover, every motorist who is convicted of driving while intoxicated ("DWI") or Agg DWI must be sentenced to probation or conditional discharge (in addition to any fines or imprisonment) and in connection with that sentence, must install at the motorist's own expense an ignition interlock device ("IID") in all vehicles that the motorist owns or operates (with the exception of certain employer-owned vehicles) for at least six months. In addition to the criminal penalties associated with driving under the influence of alcohol or drugs convictions, such convictions also carry with them substantial driver's license suspension or revocation periods. Motorists who are convicted of any alcohol or drug related driving offense (even if it is a traffic infraction as opposed to a crime) must pay a \$750 driver responsibility assessment ("DRA") in addition to fines, mandatory surcharges, and other related fees and penalties.

In addition to facing prosecution for the various alcohol and drug-related driving offenses defined in the Vehicle and Traffic Law ("VTL"), motorists who injure or kill others while driving under the influence of alcohol or drugs may be charged with committing crimes under the Penal Law. New laws have increased the penalties for vehicular assault and vehicular manslaughter, and new crimes of aggravated vehicular assault and aggravated vehicular homicide have been created as part of New York's continuing efforts to punish intoxicated and impaired drivers who injure or kill others.

This notice provides general information on the penalties for convictions of operating a motor vehicle while under the influence of alcohol or drugs. Be aware that stiffer penalties are levied in certain situations involving a motorist who holds a commercial driver's license ("CDL") or for convictions of such impairment while operating a commercial vehicle, especially when transporting certain hazardous materials.

Please familiarize yourself, and anyone else who operates your vehicle, with this important information. Please remember: **If you drink, don't drive!**

BASIC PENALTIES, DEGREE OF IMPAIRMENT AND INSURANCE PENALTIES

If you are convicted of an alcohol or drug related driving offense defined in the VTL, then there are extremely serious consequences. Some of the consequences are criminal or penal in nature, while others are civil or administrative in nature.

The criminal consequences may include all or some of the following: court imposed fines and surcharges, a sentence of probation or conditional discharge with a condition that you install and maintain an IID in all vehicles you own or operate, and imprisonment.

If you cause a death or serious injury as a result of a traffic accident while intoxicated or impaired by alcohol or drugs, then you may face additional criminal charges under the Penal Law for vehicular assault, aggravated vehicular assault, vehicular manslaughter, and aggravated vehicular homicide, punishable by up to 15-25 years in prison.

The civil or administrative consequences will include fines, mandatory surcharges and related fees levied by the Department of Motor Vehicles ("DMV"), and the suspension or revocation of your driver's license by DMV. You also will be charged a \$750 DRA payable in three annual payments of \$250, in addition to any fines and mandatory surcharges and related fees that are imposed. If you fail to make a required DRA payment, then your license will be suspended indefinitely until the amounts owing are paid.

If you are convicted of an alcohol or drug related driving offense in New York State, then depending on the severity of the offense or if you had prior offenses, your license will be suspended for 90 days at a minimum or revoked for a minimum of six to 18 months.

If you are convicted of an alcohol or drug related driving offense inside or outside of New York State that you committed when you were under the age of 21, then the license consequences are generally more severe: if it is a first offense, then your license will be revoked for at least one year and if it is a second or subsequent offense, then your license will be revoked for at least one year (18 months for Agg-DWI offense in NYS) or until you become 21, whichever is **longer**.

If you are age 21 or older and you are convicted of an out-of-state alcohol-related driving offense, then in addition to the penalties imposed by the state where the offense occurred, your New York driver's license will be revoked for at least 90 days; if the out-of-state offense is a drug-related driving offense, then your driver's license will be revoked for at least six months.

If you are the holder of a CDL and you commit an alcohol or drug-related driving offense (regardless of whether you were driving an automobile or a commercial vehicle at the time of the offense), then your CDL will be revoked for at least one year. A motorist holding a CDL who commits two such violations will have his or her CDL revoked for at least 10 years and a third violation will cause a permanent, lifetime revocation.

Although refusing to take a chemical test (of breath, blood, or urine) is not a crime or traffic infraction, a driver who meets the criteria for being considered a "first offender" and who refuses to take a chemical test may have his or her driver's license revoked for at least one year (18 months for a CDL) and must pay a civil penalty of \$500 (\$550 for a CDL). If you are considered a repeat offender due to a prior refusal or conviction for an alcohol or drug-related driving offense or for certain other offenses, then you will be required to pay a civil penalty of \$750 and may have your driver's license revoked for at least one year (10 years minimum for a CDL).

If your license is suspended or revoked for commission of an alcohol or drug-related driving offense, then you may be eligible for a conditional license ("CL") that will afford you some limited driving privileges during the sanction period (no CDL privileges are granted by a CL). In order to obtain a CL, you will have to enroll in an approved drinking driver program ("DDP"), pay the required fees, and meet other eligibility requirements. DMV charges a \$75 administrative fee upon DDP enrollment, and the DDP charges an additional course fee of up to \$225. You may be referred by the DDP for formal substance abuse evaluation or treatment at an additional cost. If you fail to complete the DDP or any required evaluation or treatment, then your CL will be revoked. If you commit almost any traffic infraction while holding a CL, then the CL will be revoked. Typically, if your CL is revoked, your original license suspension or revocation will be reinstated for its full length with no credit being given for the time you held the CL. During a suspension or revocation period, you may not lawfully drive for any reason.

If you do not have a CL and you drive while your license is suspended or revoked due to an alcohol or drug-related driving conviction or a chemical test refusal, you may be convicted of aggravated unlicensed operation of a motor vehicle ("AUO") in the second degree, subject to a fine of \$500 to \$1,000, and sentenced to either imprisonment for seven to 180 days, or probation with a possible condition of alcohol or drug treatment imposed.

HOW MANY DRINKS MAKE YOU LEGALLY INTOXICATED?

In New York State, you are legally intoxicated when your BAC reaches .08%. You are considered to be driving while ability impaired ("DWAI") when your BAC is more than .05%, but less than .08%.

Any amount of drinking will affect your judgment and coordination. The degree of impairment depends on four basic factors:

- (a) how much you drink;
- (b) how long you drink;
- (c) eating before or during drinking, as food slows absorption of alcohol; and
- (d) your body weight.

A 12-ounce can of beer, 5-ounce glass of wine, or a shot of 86-proof liquor all contain the same amount of alcohol. Your body metabolizes about one drink each hour. Only time will truly sober you up, not coffee, a walk, or a cold shower.

Therefore, if you consume more than one drink per hour, the likelihood is that you are at least DWAI if you weigh around 110 pounds and had two drinks, or DWAI if you had three drinks and weigh 170 pounds or more. As a rule of thumb, for an average 140-160 pound person, BAC level rises .02% per hour per drink.

As an example, a 140-pound person who consumes five drinks in a two-hour period will have a .08% BAC (deducting .02% for the passage of time). Even if no more alcohol is consumed, that individual may not safely drive for at least four hours. Remember, any elevation in BAC will impair your judgment and coordination.

ALCOHOL/DRUG-RELATED CONVICTIONS AND YOUR AUTOMOBILE INSURANCE POLICY

Suspension or revocation of your driver's license or the driver's license of any person who normally operates an automobile insured under your policy is just cause for your insurance company to cancel your automobile insurance policy.

A conviction of driving while impaired or intoxicated through the use of alcohol or drugs will probably result in non-renewal of your insurance policy, and in your inability to obtain insurance with another company in the voluntary market. You will then find yourself relegated to the New York Automobile Insurance Plan ("Assigned Risk Plan") at a substantially higher cost.

Currently, under the Assigned Risk Plan, a conviction of operating a motor vehicle while intoxicated or impaired by the use of alcohol or drugs will result in a 75% surcharge, increasing your automobile insurance premiums for three years. Most automobile insurance companies also will surcharge your premiums substantially for any convictions of operating a motor vehicle while under the influence of alcohol or drugs.

NO-FAULT EXCLUSIONS/CONDITIONS

Another reason for not driving in an intoxicated or impaired condition due to drinking or drugs is that your no-fault insurance benefits will not be available to you if you are injured as a result of this condition, except for necessary emergency health services rendered in a general hospital or by an ambulance attendant. Subsequent basic economic loss (such as general medical expenses, wage loss, other necessary expenses, or a death benefit) attributable to your own bodily injury would fall outside of the no-fault insurance system. It is important to be aware that your auto insurance company may seek to collect from you the amount paid or payable for the emergency health services provided to you if you are found guilty of operating the vehicle while under the influence of alcohol or drugs pursuant to the VTL. If you permit a "designated driver" (i.e. a non-DWI or non-DWAI person) to drive your vehicle for you, then full no-fault insurance benefits will be available to you and all occupants of your vehicle in case of an accident.

Here, then, are the sobering facts:

**FINES AND IMPRISONMENT PENALTIES FOR ALCOHOL/DRUG-RELATED
DRIVING OFFENSES**

According to the VTL, the following penalties will be imposed for the noted violations:

**AGGRAVATED DRIVING WHILE INTOXICATED
AGG-DWI (0.18 AND HIGHER BAC [BLOOD ALCOHOL CONTENT])**

CONVICTION	FINE ONLY ¹	JAIL SENTENCE	LICENSE ACTION & REQUIREMENTS ²	
			AGE 21 & OLDER	UNDER AGE 21
1 st Offense (Misdemeanor)	Minimum \$1000 Maximum \$2500	Up to 1 Year	- Minimum 1-Year Revocation	Minimum 1-Year Revocation
