NEW YORK ID CARD IMPORTANT NOTICE

Important Insurance Information for Policyholders:

- Financial security (insurance) shall be maintained without interruption during the entire registration period regardless of whether the vehicle is driven.
- License plates must be surrendered before insurance is cancelled or suspended without exception. This is in compliance with NYS law. Surrendering license plates before cancellation of insurance will prevent communications from DMV based on cancellation that insurers are required by law to report to DMV.
- Policyholders moving from NYS must coordinate the surrender of NYS license plates and cancellation of a NYS insurance policy with obtaining a new registration and insurance policy in another State. Again, this will prevent DMV communications based on cancellation reported by insurers.
- Insurers must provide policyholders with at least two identical ID cards for each vehicle insured. ID cards represent that insurance is provided for the named insured and the described vehicle, as applicable, as of the effective date shown thereon.
- Encrypted 2D bar codes on ID cards contain tamper proof security features that prevent ID card fraud. The bar code contains information about the policy, effective dates of coverage and issuance date, registrant name and address, vehicle description (as applicable) and the issuer of the ID card.
- Some insurers and agents are using software that allows ID cards to be either e-mailed or faxed. Successful faxing requires equipment in good working order both sending and receiving. Faxed ID cards are only acceptable if the ID card contains a large faxable bar code that scans (is readable).
- Policyholders should check to be sure that the name and the vehicle identification number (VIN) on all ID cards are identical to the name and VIN on all the registrations. Policyholders should immediately notify their agent and/or insurer of any discrepancies. Agents and/or insurers must issue corrected ID card and change policy records accordingly.
- Policyholders must keep one ID card in the vehicle at all times.
- An ID card must, upon demand, be shown to a law enforcement officer, judge, hearing officer or any person with whom the insured or other driver may have had an accident. In the event of an accident, the insured or driver can also demand to see the other driver's ID card.
- The failure to produce an ID card at the request of a law enforcement officer is presumptive evidence of uninsured operation for which the driver may be given a ticket. An ID card must be produced upon demand by any driver of a vehicle, not just the registrant.
- If the second ID card is not currently required for registration purposes, it should be kept in a safe place, since it may be required to be submitted to DMV as proof of insurance in the future.
- Upon loss of an ID card, the insured shall contact the insurance company, agent or broker, not DMV.
- An ID card is only as good as the policy it represents. If for any reason the insurance policy is terminated, then the ID cards issued in conjunction with such policy are void. Any use of such invalid ID cards may be a violation of law.
- Failure to maintain liability insurance coverage continuously throughout the registration period, even if the vehicle is not in use, may result in the suspension of the registration and driving privileges. Registrants, if eligible, may opt to pay a civil penalty for each day that a vehicle was registered and uninsured one time in a three-

year period, if the lapse in coverage does not exceed 90 days. A thirty-day revocation may be imposed on for hire vehicles such as taxis, liveries, buses, rentals and so forth.

- Driving without insurance, a valid registration or driver's license is subject to severe sanctions under the law. A driver may be arrested and incarcerated and the vehicle impounded. Such driver is subject to fines and surcharges in a court of law. In cases of uninsured operation, DMV will impose mandatory revocation of registration and driver's license as well as a substantial civil penalty.
- Fraudulent issuance or use of an ID card as proof of a non-existent policy is punishable as a misdemeanor under NYS law.

IMPORTANT NOTICE

SUPPLEMENTAL SPOUSAL LIABILITY COVERAGE

New York State law requires an insurer issuing or delivering a policy that satisfies the requirements of New York Vehicle and Traffic Law article 6 to provide supplemental spousal liability insurance upon payment of the premium if the policy is a non-commercial motor vehicle policy and a first named insured has indicated that such insured has a spouse on the insurance application or if supplemental spousal liability insurance is currently on the policy, unless a first named insured elects, in writing, to decline and refuse such insurance in the policy.

Supplemental spousal liability insurance provides bodily injury liability coverage under a motor vehicle insurance policy when a person is injured or killed in a motor vehicle accident caused by the negligence of the person's spouse.

This coverage is included within the policy's bodily injury liability limits and does not increase the amount of those limits. For example:

- Insured's bodily injury policy coverage limit: \$100,000/\$300,000
- Insured's bodily injury damage claim paid to spouse: \$75,000
- Insured's bodily injury policy coverage limit available to all other claimants subject to a maximum of \$100,000 per person: \$225,000

This example assumes the spouse and other claimants involved in the accident have a right to sue the insured for economic loss or for non-economic loss (i.e., pain and suffering) sustained as a result of a "serious injury" as defined in Insurance Law section 5102(d). It must also have been shown that there was negligence on the part of the insured.

If you decline this coverage, then the injured or deceased spouse would not be covered under the bodily injury liability coverage in the policy.

The additional premium for supplemental spousal liability insurance is 4% of the bodily injury premium. If you do not decline or have not previously declined this coverage in writing, supplemental spousal liability insurance is automatically included in your motor vehicle insurance policy. If the supplemental spousal liability insurance is not declined in writing, failure to pay the supplemental spousal liability insurance premium may result in the issuance of a policy cancellation notice for nonpayment of premium.

Supplemental Spousal Liability covers bodily injury to an insured's spouse under Coverage A (bodily injury) where an insured spouse becomes liable because of the death of or injury to their spouse, even where the injured spouse must prove the culpable conduct of the insured spouse. This applies only to motor vehicle liability insurance policies that satisfy the requirements of Article 6 of the New York Vehicle and Traffic law. This coverage is included in all policies where the first named insured has indicated they have a spouse on the application unless the first named insured has chosen to exclude this coverage in writing which is indicated in the Coverages, Limits of Liability and Premiums section of the Declarations Page. This coverage is also available if requested in writing by an insured.

Your policy includes Supplemental Spousal Liability Coverage. The first named insured has the option to opt out of this coverage in writing for a premium savings of 4% of your bodily injury coverage premium for each vehicle.

We use Insurance Score as one factor in determining the premium on our policies. If you would like to have your Insurance Score updated, please call 845-610-5700.

If you purchase a higher deductible than you currently have, you will save money.

☐ Check this block if you are interested in a different deductible from what you currently have.

Accident Prevention Course Credit

PRIVATE PASSENGER AUTOMOBILE DRIVER RECORD CLASSIFICATION

Determination of Driver Record Points -New and Renewal Business

The Driver Record Classification Plan under which your policy is rated used past experience (accidents or convictions) as part of the determination of your insurance premium cost. The point system described herein has been established under which those drivers that have no points or are classified at Driver Record 0 receive the lowest premiums. Higher premiums are charged for other drivers based upon the number of points they have accumulated during the experience period (past 3 years) and the number of automobiles insured under the policy. The Driver Record Classification identifies points accumulated under the Plan with due consideration to the number of cars insured under the policy. Each automobile has been assigned the driver record classification described in the policy declarations.

The premium for the following coverages is affected: Bodily Injury, Personal Injury Protection, Property Damage, Medical Payments and Collision.

The point value of an incident shall be determined as follows:

1. CONVICTIONS

Points shall be assigned for convictions which occur during the experience period for motor vehicle violations of the applicant or any other current resident operator as follows:

- A. Three points are assigned for conviction of:
 - (1) operating a motor vehicle while in an intoxicated condition or while disabled by reason of the use of drugs or
 - (2) leaving the scene of an accident without stopping to report; or
 - (3) homicide or assault arising out of the operation of a motor vehicle or criminal negligence in the operation of a motor vehicle resulting in death.
- B. Two points are assigned for:
 - (1) driving a motor vehicle at an excessive rate of speed where an injury to a person actually results therefrom; or
 - (2) driving a motor vehicle in a reckless manner where an injury to a person actually results therefrom.
- C. One point is assigned for:
 - (1) the third and each subsequent speeding conviction above the limit per operator.
 - (2) the second and each subsequent moving traffic violation per operator not assigned points under 1.A., 1.B., or 1.C.(1).

Section 1.C.(2) shall not apply to a policy which was originally written prior to August 12, 1995, unless the second or subsequent conviction occurred on or after August 15, 1995. In addition, the experience period for counting convictions as the first moving traffic violation shall be limited to one year ending on the last day of the fourth month preceding the month in which the first continuation or renewal is effective on or after August 15, 1995.

2. ACCIDENTS

Points shall be assigned for each accident that occurred during the experience period, involving the applicant or any current resident operator, while operating an automobile.

- A. One point is assigned for each automobile accident that results in bodily injury or death, or total damage to all property including his or her own in excess of \$2,000.
- B. One point is assigned if, during the experience period there were two or more accidents each of which resulted in damage to property but have not been assigned a point as described above.
- C. No points are assigned for accidents occurring under the following circumstances:
 - (1) if an operator is demonstrated to be a named insured or a principal operator of an automobile under a separate policy; or
 - (2) when the automobile is lawfully parked (if the parked vehicle rolls from the parked position, then any such accident is charged to the person who parked the automobile); or
 - (3) the applicant, owner or other resident operator is reimbursed by, or on behalf of, a person who is responsible for the accident or has judgment against such person equal to 33 1/3% or more of the value of the insured's property damage claim. For the purpose of this rule the value of the property damage claim is defined as the lesser of the adverse carrier's or the insured's estimate; or
 - (4) the automobile is struck in the rear by another vehicle and the applicant or other resident operator has not been convicted of a moving traffic violation in connection with this accident; or
 - (5) the operator of the other automobile involved in the accident was convicted of a moving traffic violation and the applicant or resident operator was not convicted of a moving traffic violation in connection with the accident; or
 - (6) the automobile while operated by the applicant or any resident operator is struck by a "hit-and-run" vehicle, if the accident is reported to the proper authorities within 24 hours by the applicant or resident operator; or
 - (7) accidents involving damage by contact with animals or fowl; or
 - (8) accidents involving physical damage, limited to and caused by flying gravel, missiles, or falling objects; or
 - (9) accidents occurring while using any vehicle in the performance of his/her duty if the operator at the time of the accident was a paid or volunteer member of any police or Fire Department, First Aid Squad, or any law enforcement agency, or performing any other governmental function in a public emergency.
 - (10) accident while operating, as an employee, a commercial motor vehicle furnished to such employee by the employer, unless:
 - (a) the insured was not acting within the scope of employment and in the discharge of his/her duties at the time of the accident, or
 - (b) the accident has been determined to have been caused by the intentional action or gross negligence of the insured.
 - (11) the accident results in payments under Personal Injury Protection, Optional Basic Economic Loss, or Additional Personal Injury Protection and the applicant or other operator residing in the same household is not at fault; or
 - (12) accident occurring while the applicant or other resident operator operates a vehicle for hire or a motor vehicle other than a private passenger auto, and the accident occurs in the course of employment and did not result in a conviction for a moving traffic violation; or
 - (13) any claims for which the operator is not at fault -The establishment of a reserve shall not in itself imply that the operator was at fault.or;
 - (14) when the insured or other resident in the insured's household has had an accident while, pursuant to article 44-B of the Vehicle and Traffic Law, the insured or other resident in the insured's household was logged onto a Transportation Network Company's digital network but not engaged in a pre-arranged trip or engaged in a Transportation Network Company prearranged trip, and the accident did not result in a conviction for a moving traffic violation, unless the policy is providing coverage for such operation of the motor vehicle. If the coverage is provided pursuant to an endorsement, then the insurer may impose a surcharge on the separate premium for the endorsement.

3. EXPERIENCE PERIOD

The experience period shall be the three years ending on the last day of the fourth month preceding the month in which the policy is effective.

DRIVER RECORD CLASSIFICATION - NEW AND RENEWAL BUSINESS

The Driver Record Classification shall be determined from the number of Driver Record Points accumulated during the experience period as follows:

Number of Driver Record Points	Driver Record Classification
1	1
2	2
3	3
4 or more	4

4. REFUND OF SURCHARGED PREMIUM

If points have been assigned in accordance with one of the following situations, the Company shall refund the insured with the increased portion of the premium generated by the point. All such refunds shall be the portion of the premium due to the surcharge for all policy periods since the inception of the surcharge.

- (1) If points are assigned as a result of an accident and it is subsequently learned that the accident falls under one of the exceptions enumerated in 2.C.(1) thru (13).
- (2) If points are assigned as the result of a conviction and the conviction is ultimately reversed.
- (3) If points are assigned through mistake, carelessness, misinformation or other error.
- (4) If the Company has established a reserve but no claim was submitted for a period of three years after the date of the incident, or the statute of limitations has run out and no suit has been filed.

DRIVER EXPERIENCE FACTOR

A factor that increases the policy premium will be applied if the driver assigned to the vehicle has been licensed less than 3 years.

TO ALL OPERATORS OF MOTOR VEHICLES IN NEW YORK STATE

As your insurance company, we are required by law to advise you of the legal and financial consequences of being convicted of operating a motor vehicle while under the influence of alcohol or drugs. We strongly endorse the message conveyed by the law - - that it does not pay to drink and drive.

Alcohol or drug impairment is a major problem involving not only the impaired driver, but other innocent drivers and pedestrians. We are constantly reminded of the serious consequences of drinking and driving, yet property damage, injuries and deaths caused by alcohol or drug-impaired driving continue to be a major problem. In fact, studies (such as those published in "Fatality Facts 2010" by the Insurance Institute for Highway Safety-Highway Loss Data Institute) show that alcohol or drug use is a contributing factor in a significant number of all fatal motor vehicle accidents, as shown in the following table.

Percent of Fatally Injured Passenger Vehicle Drivers (with BAC > or = .08%)

Overall	33%
Nighttime (9 p.m. - 6 a.m.)	59%
Weekends (6 p.m. Friday - 6 a.m. Monday)	45%
Weekdays	25%
Nighttime single - vehicle crashes	68%

In recent years New York State has made significant changes to strengthen its driving while intoxicated laws, and these changes have extremely serious consequences for motorists who choose to drive while intoxicated or impaired by alcohol or drugs. A new crime of aggravated driving while intoxicated ("Agg DWI") was created, which prohibits: driving a motor vehicle while having a blood alcohol content ("BAC") of .18% or more; or committing most driving under the influence of alcohol or drugs offenses while a child who is 15-years-old or younger is a passenger. In addition, a new crime of driving while ability impaired by the combined influence of drugs or of alcohol and any drug or drugs ("DWAi Combined Influence") was created.

The law generally prohibits "plea bargaining" to a non-alcohol/drug-related driving offense. Moreover, every motorist who is convicted of driving while intoxicated ("DWI") or Agg DWI must be sentenced to probation or conditional discharge (in addition to any fines or imprisonment) and in connection with that sentence, must install at the motorist's own expense an ignition interlock device ("IID") in all vehicles that the motorist owns or operates (with the exception of certain employer-owned vehicles) for at least six months. In addition to the criminal penalties associated with driving under the influence of alcohol or drug convictions, such convictions also carry with them substantial driver's license suspension or revocation periods. Motorists who are convicted of any alcohol or drug related driving offense (even if it is a traffic infraction as opposed to a crime) must pay a \$750 driver responsibility assessment ("DRA") in addition to fines, mandatory surcharges, and other related fees and penalties.

In addition to facing prosecution for the various alcohol and drug-related driving offenses defined in the Vehicle and Traffic Law ("VTL"), motorists who injure or kill others while driving under the influence of alcohol or drugs may be charged with committing crimes under the Penal Law. New laws have increased the penalties for vehicular assault and vehicular manslaughter, and new crimes of aggravated vehicular assault and aggravated vehicular homicide have been created as part of New York's continuing efforts to punish intoxicated and impaired drivers who injure or kill others.

This notice provides general information on the penalties for convictions of operating a motor vehicle while under the influence of alcohol or drugs. Be aware that stiffer penalties are levied in certain situations involving a motorist who holds a commercial driver's license ("CDL") or for convictions of such impairment while operating a commercial vehicle, especially when transporting certain hazardous materials.

Please familiarize yourself, and anyone else who operates your vehicle, with this important information. Please remember: **If you drink, don't drive!**

BASIC PENALTIES, DEGREE OF IMPAIRMENT AND INSURANCE PENALTIES

If you are convicted of an alcohol or drug related driving offense defined in the VTL, then there are extremely serious consequences. Some of the consequences are criminal or penal in nature, while others are civil or administrative in nature.

The criminal consequences may include all or some of the following: court imposed fines and surcharges, a sentence of probation or conditional discharge with a condition that you install and maintain an IID in all vehicles you own or operate, and imprisonment.

If you cause a death or serious injury as a result of a traffic accident while intoxicated or impaired by alcohol or drugs, then you may face additional criminal charges under the Penal Law for vehicular assault, aggravated vehicular assault, vehicular manslaughter, and aggravated vehicular homicide, punishable by up to 15-25 years in prison.

The civil or administrative consequences will include fines, mandatory surcharges and related fees levied by the Department of Motor Vehicles ("DMV"), and the suspension or revocation of your driver's license by DMV. You also will be charged a \$750 DRA payable in three annual payments of \$250, in addition to any fines and mandatory surcharges and related fees that are imposed. If you fail to make a required DRA payment, then your license will be suspended indefinitely until the amounts owing are paid.

If you are convicted of an alcohol or drug related driving offense in New York State, then depending on the severity of the offense or if you had prior offenses, your license will be suspended for 90 days at a minimum or revoked for a minimum of six to 18 months.

If you are convicted of an alcohol or drug related driving offense inside or outside of New York State that you committed when you were under the age of 21, then the license consequences are generally more severe: if it is a first offense, then your license will be revoked for at least one year and if it is a second or subsequent offense, then your license will be revoked for at least one year (18 months for Agg-DWI offense in NYS) or until you become 21, whichever is **longer**.

If you are age 21 or older and you are convicted of an out-of-state alcohol-related driving offense, then in addition to the penalties imposed by the state where the offense occurred, your New York driver's license will be revoked for at least 90 days; if the out-of-state offense is a drug-related driving offense, then your driver's license will be revoked for at least six months.

If you are the holder of a CDL and you commit an alcohol or drug-related driving offense (regardless of whether you were driving an automobile or a commercial vehicle at the time of the offense), then your CDL will be revoked for at least one year. A motorist holding a CDL who commits two such violations will have his or her CDL revoked for at least 10 years and a third violation will cause a permanent, lifetime revocation.

BASIC PENALTIES, DEGREE OF IMPAIRMENT AND INSURANCE PENALTIES (Cont'd)

Although refusing to take a chemical test (of breath, blood, or urine) is not a crime or traffic infraction, a driver who meets the criteria for being considered a "first offender" and who refuses to take a chemical test may have his or her driver's license revoked for at least one year (18 months for a CDL) and must pay a civil penalty of \$500 (\$550 for a CDL). If you are considered a repeat offender due to a prior refusal or conviction for an alcohol or drug-related driving offense or for certain other offenses, then you will be required to pay a civil penalty of \$750 and may have your driver's license revoked for at least one year (10 years minimum for a CDL).

If your license is suspended or revoked for commission of an alcohol or drug-related driving offense, then you may be eligible for a conditional license ("CL") that will afford you some limited driving privileges during the sanction period (no CDL privileges are granted by a CL). In order to obtain a CL, you will have to enroll in an approved drinking driver program ("DDP"), pay the required fees, and meet other eligibility requirements. DMV charges a \$75 administration fee upon DDP enrollment, and the DDP charges an additional course fee of up to \$225. You may be referred by the DDP for formal substance abuse evaluation or treatment at an additional cost. If you fail to complete the DDP or any required evaluation or treatment, then your CL will be revoked. If you commit almost any traffic infraction while holding a CL, then the CL will be revoked. Typically, if your CL is revoked, your original license suspension or revocation will be reinstated for its full length with no credit being given for the time you held the CL. During a suspension or revocation period, you may not lawfully drive for any reason.

If you do not have a CL and you drive while your license is suspended or revoked due to an alcohol or drug-related driving conviction or a chemical test refusal, you may be convicted of aggravated unlicensed operation of a motor vehicle ("AUO") in the second degree, subject to a fine of \$500 to \$1,000, and sentenced to either imprisonment for seven to 180 days, or probation with a possible condition of alcohol or drug treatment imposed.

HOW MANY DRINKS MAKE YOU LEGALLY INTOXICATED?

In New York State, you are legally intoxicated when your BAC reaches .08%. You are considered to be driving while ability impaired ("DWAI") when your BAC is more than .05% but less than .08%.

Any amount of drinking will affect your judgment and coordination. The degree of impairment depends on four basic factors:

- (a) how much you drink;
- (b) how long you drink;
- (c) eating before or during drinking, as food slows absorption of alcohol; and
- (d) your body weight.

A 12-ounce can of beer, 5-ounce glass of wine, or a shot of 86-proof liquor all contain the same amount of alcohol. Your body metabolizes about one drink each hour. Only time will truly sober you up, not coffee, a walk, or a cold shower.

Therefore, if you consume more than one drink per hour, the likelihood is that you are at least DWAI if you weigh around 110 pounds and had two drinks, or DWAI if you had three drinks and weigh 170 pounds or more. As a rule of thumb, for an average 140-160 pound person, BAC level rises .02% per hour per drink.

As an example, a 140-pound person who consumes five drinks in a two-hour period will have a .08% BAC (deducting .02% for the passage of time). Even if no more alcohol is consumed, that individual may not safely drive for at least four hours. Remember, any elevation in BAC will impair your judgment and coordination.

ALCOHOL/DRUG-RELATED CONVICTIONS AND YOUR AUTOMOBILE INSURANCE POLICY

Suspension or revocation of your driver's license or the driver's license of any person who normally operates an automobile insured under your policy is just cause for your insurance company to cancel your automobile insurance policy.

A conviction of driving while impaired or intoxicated through the use of alcohol or drugs will probably result in non-renewal of your insurance policy, and in your inability to obtain insurance with another company in the voluntary market. You will then find yourself relegated to the New York Automobile Insurance Plan ("Assigned Risk Plan") at a substantially higher cost.

Currently, under the Assigned Risk Plan, a conviction of operating a motor vehicle while intoxicated or impaired by the use of alcohol or drugs will result in a 75% surcharge, increasing your automobile insurance premiums for three years. Most automobile insurance companies will also surcharge your premiums substantially for any convictions of operating a motor vehicle while under the influence of alcohol or drugs.

NO-FAULT EXCLUSIONS/CONDITIONS

Another reason for not driving in an intoxicated or impaired condition due to drinking or drugs is that your no-fault insurance benefits will not be available to you if you are injured as a result of this condition, except for necessary emergency health services rendered in a general hospital or by an ambulance attendant. Subsequent basic economic loss (such as general medical expenses, wage loss, other necessary expenses, or a death benefit) attributable to your own bodily injury would fall outside of the no-fault insurance system. It is important to be aware that your auto insurance company may seek to collect from you the amount paid or payable for the emergency health services provided to you if you are found guilty of operating the vehicle while under the influence of alcohol or drugs pursuant to the VTL. If you permit a "designated driver" (i.e. a non-DWI or non-DWAI person) to drive your vehicle for you, then full no-fault insurance benefits will be available to you and all occupants of your vehicle in case of an accident.

Here, then, are the sobering facts:

FINES AND IMPRISONMENT PENALTIES FOR ALCOHOL/DRUG-RELATED DRIVING OFFENSES

If you decline this coverage, then the injured or deceased spouse would not be covered under the bodily injury liability coverage in the policy.

INFORMATION CONCERNING TRANSPORTATION NETWORK COMPANIES

This Notice provides information regarding ride-sharing arrangements through Transportation Network Companies (TNCs) and the potential insurance implications for Transportation Network Company drivers.

Your Travelers policy excludes all coverages while the motor vehicle is used by a transportation network company driver who is logged onto the transportation network's company digital network but is not engaged in a transportation network company prearranged trip or while the driver provides a transportation network company prearranged trip. EXPLANATION OF STATUTORY UNINSURED MOTORISTS COVERAGE AND SUPPLEMENTARY UNINSURED/UNDERINSURED MOTORISTS COVERAGE

You must buy either statutory Uninsured Motorists Coverage or Supplementary Uninsured/Underinsured Motorists Coverage. While statutory Uninsured Motorists coverage is only available at the limits described below, Supplementary Uninsured/Underinsured Motorists Coverage is available at limits equal to your Bodily Injury Liability limits or a lesser amount but not less than \$25,000 per person and \$50,000 per accident.

The following is an explanation of the notable differences between statutory Uninsured Motorists Coverage and Supplementary Uninsured/Underinsured Motorists Coverage. This explanation is not intended to substitute for a complete review of both coverages. If there is any conflict between the policy and this explanation, the provisions of the policy apply.

Statutory Uninsured Motorists Coverage

Statutory Uninsured Motorists (UM) Coverage gives you, a family member who lives with you, and someone in a car you're operating, coverage for injuries that occur if you have a car accident with a negligent owner or operator of another motor vehicle who has no insurance at all.

If someone is hurt by this type of motorist and does not die, your statutory UM Coverage can pay up to \$25,000 for each person injured, with \$50,000 maximum for each accident. If the accident results in death, your statutory UM Coverage can pay up to \$50,000 for each person who dies, with \$100,000 maximum for each accident resulting in death to two or more people. These limits are the only limits you can get under statutory UM Coverage.

Statutory UM Coverage will pay for injuries or death only if the car accident happens in New York State.

Supplementary Uninsured/Underinsured Motorists Coverage

Supplementary Uninsured/Underinsured Motorists Coverage (SUM) not only gives you the in-state statutory UM Coverage, but also gives you out-of-state coverage for accidents with a negligent owner or operator of another motor vehicle who have no insurance.

SUM Coverage also protects you, a family member who lives with you, and someone in a car you are operating, if there is an accident with a car that does have bodily injury liability insurance, but its bodily injury liability insurance limits are less than the bodily injury liability insurance limits that you have on your own car. This kind of coverage is called "underinsured motorists coverage," and it is included in SUM Coverage.

Your own insurer will pay you for bodily injury that is legally due to the negligence of either an uninsured or underinsured driver. The maximum benefit paid will be the limits of the SUM Coverage you have purchased.

SUM Coverage is offered with limits higher than those offered for statutory UM Coverage. However, the SUM Coverage limit cannot be higher than your bodily injury liability limit.

SUM Coverage applies if you have an accident either in the State of New York or out-of-state.

If you have an accident, your SUM Coverage limit will be reduced by liability insurance or bond payments made by a negligent owner or operator of another motor vehicle. Below are a few examples, (using per person limits) unless otherwise noted, that illustrates how SUM coverage works.

(1) Example One:	Insured's Bodily Injury Damages	\$300,000
	Insured's Liability Limit	\$500,000
	Insured's SUM Limit	\$250,000
	Other Motor Vehicle Liability Limit	\$ 25,000

Result: In this example, you as the insured have purchased the maximum amount of SUM Coverage that must be offered by the insurer, provided that the insured has purchased bodily injury liability limits of at least \$250,000. You will recover \$25,000 from the negligent owner or operator of the other motor vehicle and \$225,000 (\$250,000 minus \$25,000) under the SUM coverage, for a total recovery of \$250,000.

In the event that the negligent owner or operator of the other motor vehicle has no liability insurance at all, you would collect \$250,000 in SUM coverage from your own insurer. However, if the owner or operator of the other motor vehicle was not negligent, then you would receive no SUM payments.

(2) Example Two:	Insured's Bodily Injury Damages	\$100,000
	Insured's Liability Limit	\$ 25,000
	Insured's SUM Limit	\$ 25,000
	Other Motor Vehicle Liability Limit	\$ 25,000

Result: You as the insured will recover \$25,000 from the negligent owner or operator of the other motor vehicle. You will receive nothing under the SUM coverage, which equals the mandatory UM coverage, since the liability limits on the other owner or operator's motor vehicle were not lower than the liability insurance limits on your motor vehicle. If your liability and SUM limits were both \$50,000, then you would collect another \$25,000 in SUM coverage from your insurer.

(3) Example Three:	Insured's Bodily Injury Damages	\$ 60,000
	Insured's Liability Limit	\$100,000
	Insured's SUM Limit	\$100,000
	Other Motor Vehicle Liability Limit	\$ 50,000

Result: You as the insured will recover \$50,000 from the negligent owner or operator of the other motor vehicle and \$10,000 under the SUM coverage, which is the difference between the amount of your SUM coverage and the liability coverage available from the other motor vehicle owner or operator, limited by the amount of your bodily injury damages.

(4) Example Four:	Insured's Bodily Injury Damages	\$150,000
	Insured's Liability Limit	\$100,000
	Insured SUM Limit	\$100,000
	Other Motor Vehicle Liability Limit	\$ 25,000

Result: If you and the owner or operator of the other motor vehicle were each 50 percent at fault for the accident, then your total recovery would be \$75,000, in light of comparative negligence of the parties involved in the accident. You would recover \$25,000 from the negligent owner or operator of the other motor vehicle and \$50,000 under the SUM coverage.

On the other hand, if the owner or operator of the other motor vehicle was totally at fault for the accident, then you would recover \$25,000 from the negligent owner or operator and would then receive \$75,000 in SUM coverage from your own insurer. Had you purchased liability and SUM limits of \$150,000 or more, the SUM recovery would then be \$125,000.

(5) Example Five:	Insured's Bodily Injury Damages	\$ 25,000
	Passenger's Bodily Injury Damages	\$ 25,000
	Another Passenger's Damages that resulted in death	\$ 50,000
	Insured's Combined Single Liability (CSL) Limit	\$ 75,000
	Insured's CSL SUM Limit	\$ 75,000
	Other Motor Vehicle Liability Limit	Uninsured (i.e. no coverage)

Result: Since the other motor vehicle was uninsured, the full \$75,000 CSL SUM limit is available for all insured persons from this accident under the policy. However, since the accident involves insured persons who were both injured and killed, the mandatory UM limits of \$25,000 per person and \$50,000 per accident for injured persons and \$50,000 per person and \$100,000 per accident for persons killed in the accident are available. Therefore, you and the first passenger each recover \$25,000 and the second passenger's estate recovers the full \$50,000 under the SUM coverage.

If your CSL and CSL SUM limit were each \$300,000 and your damages amounted to \$200,000, then all insured persons would be covered under the SUM coverage as the total damages (\$200,000 + \$25,000 + \$50,000 = \$275,000) are less than the \$300,000 CSL SUM limit.

As stated previously, you may buy Supplementary Uninsured/Underinsured Motorists (SUM) Coverage at limits equal to your Bodily Injury Liability Limits or a lesser amount but not less than \$25,000 per person and \$50,000 per accident. If you want to change your existing limits, please check the block for the option you want or contact your Travelers representative who will be happy to discuss this coverage with you and provide you with all available limits and premiums.
