Billing Options: You may pay your policy in full or pay the installment amount shown on your bill. If you elect to pay the installment amount, we will bill you for future installments as they become due. Your current payment plan:

Payment Options	Initial Amount Includes	Future Installments	Explanation
Full Payment	100% of policy premium, plus 100% of fee and taxes, where applicable	None	Payment made in full with no remaining balance or installments

State Surcharges These fees are assessed by your state and local government and are sent from the Insurance Company to the appropriate governmental agency.

Check Processing In accordance with Federal Reserve Board guidelines, personal checks that you send us for payment may be processed electronically. This means that checks generally clear faster, banks no longer return checks and bank statements are valid proof of payment.

Note Your payments are first applied to fees and state surcharges and the remainder applied to your premium. It is important that you pay one of the premiums amounts as indicated on your bill.

This invoice does not imply coverage beyond your policy expiration or cancellation date and is superseded by any notice of cancellation you may have received.

For other questions concerning your policy, please contact your agent.
