GrandProtect®

One Policy Package | One Bill | One Deductible

GrandProtect® is a unique policy package that provides a personal safety net for all of your property and casualty needs. The convenience of one policy, one bill and one deductible make this innovative package one of the best in the industry. We'd like you to take a moment to familiarize yourself with all the great benefits and features included in your GrandProtect policy package.*

Deductible	• One Deductible – When more than one property is damaged in the same covered event, you pay only the highest deductible; this means more money in your pocket.¹
Auto	• Worldwide Protection – Unlike most other auto insurance policies, GrandProtect extends coverage anywhere in the world. • Deductible Savings Benefit – Being a good driver has its reward, you get a \$50 benefit, up to a maximum of \$250, for every claim-free year.² • Replacement Cost for Total Losses – If your new car is totaled in the first year or 15,000 miles, whichever comes first, we will repair or replace it with a new one.³ • Replacement Cost for all Damaged Parts – There is no deduction for depreciation of parts damaged in a covered loss. Parts such as tires, batteries, and shocks are replaced at current cost, not their “wear and tear” value.³ • Recreational Vehicle Rental Coverage – While you're on vacation or just enjoying the outdoors, we automatically include coverage for rented motor homes, motorcycles or other recreational vehicles.
Home	• Blanket Property Limit¹ – Instead of having individual property limits for your dwelling, private structures, and personal property, those limits are combined together to provide a blanket limit over all property. It's a single limit to use where it's needed. This coverage is not available to customers in Virginia. • Coverage A Plus – Our uncapped dwelling coverage means you never have to worry about limits. If your home is destroyed by a covered loss, we will replace your home regardless of its replacement value.⁴ • Replacement Cost on Contents – We cover your personal property anywhere in the world and in just about any loss situation. We also cover you for the full cost of repair or replacement, without deduction for depreciation less the applicable deductible.⁵ • Ordinance or Law – Your policy covers reconstruction expenses caused by changes to city building code or ordinances since your home's original construction. • Identity Protection Services plus reimbursement - Protection against such situations as credit card or medical identity theft. Expense reimbursement up to \$25,000. Credit card protection up to \$10,000.⁶

Personal Excess Liability Policy	• Prepare for the unexpected – So you're having a barbecue at home with your friends and someone accidentally falls off the deck. You find out later they severely hurt their neck and can no longer work. • Peace of mind – With a GrandProtect Personal Excess Liability Policy you can sleep better at night knowing you are truly protected. This policy protects you from lawsuits exceeding the coverage limits on your primary insurance policies. • Personal Injury Coverage – Can someone take your social media posts the wrong way? We've got you covered for defamation of character, libel, slander, and false arrest. • Other Benefits: - Legal representation provided at our expense - Professional guidance - Payments for lost wages - Payments for reasonable expenses incurred by you at Foremost request
---	--

Additional Properties	• Secondary (vacation) homes • Renters • Condos • Investment Properties
Additional Vehicles	• Motorcycles • Recreational Vehicles • ATV • Snowmobiles • Camper • Trailers
Additional Personal Property	• High value jewelry • Collections • Art • Heirlooms • Musical Instruments
Watercraft	• Sailboats • Powerboats • Personal watercraft

1. Not available in all states. 2. Cannot be used toward glass claims. Glass claims do not impact existing DSB amount. Not available in all states or programs. In New York State, drivers must pay a state-required minimum deductible before using this benefit. 3. Policy must include Comprehensive Coverage. This does not apply to a substitute auto, an auto you do not own, or a vehicle leased under a long-term contract of six months or more. Vehicle must be previously untitled to qualify. See policy for restrictions. A deductible may apply. Not available in all states. 4. We provide the full cost to repair or rebuild the insured's home without depreciation in the event of a covered loss, even if that cost exceeds the amount for which the home is insured, subject to a deductible. 5. We would pay the cost of repair or replacement for most kinds of household contents, less the applicable deductible, without deduction for depreciation. 6. Identity Protection Services are not available to auto customers in NC or NH nor with all policy forms. Identity Protection Services are available in NC homeowner policies with the optional "Identity Theft Expense and Resolution Plus" endorsement for an additional premium. 7. Subject to the insured's retained limits (deductible).

IMPORTANT INFORMATION ON PERSONAL INJURY PROTECTION COVERAGE

No-Fault coverage, otherwise known as Personal Injury Protection or "PIP" coverage, pays for expenses incurred by persons injured in a motor vehicle accident. This coverage does not pay to repair damage to your automobile.

Basic No-Fault, which you are required by law to purchase, provides coverage of up to \$50,000 per person in benefits for:

1. all necessary doctor and hospital bills and other health service expenses, payable in accordance with fee schedules established or adopted by the New York State Insurance Department;
2. 80% of lost earnings up to a maximum monthly payment of \$2,000 for up to three years following the date of accident; and
3. up to \$25 per day for a period of one year from the date of the accident for other reasonable and necessary expenses the injured person may have incurred because of an injury resulting from the accident, such as the cost of hiring a housekeeper or necessary transportation expenses to and from a health service provider.
4. a \$2,000 death benefit, payable to the estate of a covered person, in addition to the \$50,000 coverage for economic loss described above.

No-Fault benefits will be reduced by other benefits that are payable under Workers' Compensation, Social Security Disability, New York State Disability, and certain employer "wage continuation" plans where an employee does not lose any future sick leave benefits.

If you choose, you may increase your Basic No-Fault coverage by up to:

\$50,000 per person for Economic Loss

This results in a maximum payment of \$100,000 per person, including 80% of lost earnings up to \$2,000 per month and \$50 per day for reasonable and necessary expenses; or

\$100,000 per person for Economic Loss

This results in a maximum payment of \$150,000 per person, including 80% of lost earnings up to \$3,000 per month and \$50 per day for reasonable and necessary expenses.

OPTIONAL COVERAGE AVAILABLE

In addition to Basic No-Fault Coverage, you may also purchase Optional Basic Economic Loss (OBEL) coverage that will pay certain expenses, up to \$25,000, above the Basic No-Fault limit of \$50,000. Optional Basic Economic Loss coverage is different from other coverages in that a claimant can select the kinds of benefits to be paid under OBEL.

If you purchase OBEL coverage and if it appears likely that a claimant will use up the Basic No-Fault coverage, your insurer will send the claimant a form for the claimant to choose what expenses the \$25,000 in OBEL coverage will be used to pay. Under No-Fault, a claimant could include you, family members, passengers in your car, or pedestrians, if injured in an auto accident.

The claimant will be able to choose one of the following four OBEL options and thereby direct the insurer to pay expenses for:

1. basic economic loss, whether health care expenses, loss of earnings from work, or other reasonable and necessary expenses;
2. loss of earnings from work;
3. psychiatric, physical, or occupational therapy and rehabilitation; or
4. a combination of options 2 and 3.

The additional \$25,000 of OBEL coverage will be used only for costs incurred under the chosen option, which, once selected, the claimant cannot change.

YOU MUST LET US KNOW NOW IF YOU WISH TO PURCHASE OBEL COVERAGE.

The attached quotation page shows the premiums for your No-Fault coverage with and without the Optional Basic Economic Loss coverage. We have provided premium quotations for all No-Fault coverage options which are currently available.

If you wish to change your No-Fault coverage, please check off the coverage you want and return this form to the address indicated on the Customer Service and Claim Directory.

If you have any questions, please call your representative, Independent Agent or our Customer Service Department at the number indicated on the Customer Service and Claim Directory.

Thank you for insuring with us.

NEW YORK SUPPLEMENTAL SPOUSAL LIABILITY COVERAGE

Why we're contacting you

New York State law requires an insurer issuing or delivering a policy that satisfies the requirements of New York Vehicle and Traffic Law article 6 to provide supplemental spousal liability insurance, unless a named insured elects, in writing, to decline and refuse such insurance in the policy.

What you need to know

Supplemental Spousal Liability insurance provides bodily injury liability coverage under a motor vehicle insurance policy when a person is injured or killed in a motor vehicle accident caused by the negligence of the person's spouse. This coverage is included within the policy's bodily injury liability limits and does not increase the amount of those limits. For example:

Insured's bodily injury policy coverage limit:	\$100,000 / \$300,000
Insured's bodily injury damage claim paid to spouse:	\$75,000
Insured claimant MERIDIAN SERVICE GROUP	\$225,000

This example assumes the spouse and other claimants involved in the accident have a right to sue the insured for economic loss or for non-economic loss (i.e. pain and suffering) sustained as a result of a "serious injury" as defined in Section 5102 (d) of the Insurance Law. It must also have been shown that there was negligence on the part of the insured.

If you decline this coverage, then the injured or deceased spouse would not be covered under the bodily injury liability coverage in the policy.

The additional premium for supplemental spousal liability insurance is: \$157.00. If you do not decline or have not previously declined this coverage in writing, supplemental spousal liability insurance is automatically included in your motor vehicle insurance policy. If the supplemental spousal liability insurance is not declined in writing, failure to pay the supplemental spousal liability insurance premium may result in the issuance of a policy cancellation notice for nonpayment of premium.

NOTE: In the event of any conflict between the policy, including its endorsements, and this notice, the provisions of the policy and endorsements shall prevail.

New York Supplemental Spousal Liability Insurance Declination Form

New York State law requires an insurer issuing or delivering a policy that satisfies the requirements of New York Vehicle and Traffic Law Article 6 provide supplemental spousal liability insurance in such policy unless the named insured elects, in writing, to decline and refuse such insurance in the insured's policy.

Supplemental spousal liability insurance provides bodily injury liability coverage under a motor vehicle insurance policy when a person is injured or killed in a motor vehicle accident caused by the negligence of the person's spouse. If you decline this coverage, then the injured or deceased spouse would not be covered under the bodily injury liability coverage in the policy.

Supplemental spousal liability insurance is included within the policy's bodily injury liability limits and does not increase the amount of those limits.

The additional premium for supplemental spousal liability insurance is \$157.00. If you do not decline this insurance in writing, supplemental spousal liability insurance is automatically included in your motor vehicle insurance policy.

If you are unsure whether this coverage is appropriate for you, you should speak with your insurance company representative or a licensed insurance producer.

PREMIUM SURCHARGE

Your premium reflects a surcharge and therefore, is higher than it otherwise would be because during the measuring experience period which applied to your insurance you had one or more chargeable accidents or chargeable traffic convictions under our experience rating plan. The description of our experience rating plan includes a list of events for which we may surcharge you and the circumstance under which surcharges may be removed or refunded. If you have any questions, please see "How To Reach Us" in the front of your policy package for your choice of contact options.

As shown on your Declarations Page, the premiums for certain coverages covered by your policy include a surcharge because of the following accidents and/or moving traffic violations:

CHARGEABLE ACCIDENT ON 07/08/2024 BY JOAN SCHEINFELD

NEW YORK

DRIVING EXPERIENCE RATING PLAN

An experience modification factor represents a driving experience surcharge (based upon chargeable accidents and chargeable traffic violations) which applies to your Bodily Injury Liability, Property Damage Liability, Personal Injury Protection and Collision premiums. (The surcharge will only apply to Personal Injury Protection coverage for accidents or violations occurring on or after 2/15/11.)

If you have any chargeable incidents, the surcharge factor is calculated as follows:

NUMBER OF EXPERIENCE SURCHARGE POINTS			
	INCIDENT AGE		
	0 - 12 MONTHS	13 - 24 MONTHS	25 - 36 MONTHS
ACCIDENT			
MOST RECENT ACCIDENT	6	5	4
EACH ADDITIONAL ACCIDENT	11	10	9
MAJOR VIOLATIONS			
MOST RECENT VIOLATION	6	5	4
EACH ADDITIONAL VIOLATION	11	8	7
MINOR VIOLATIONS			
MOST RECENT VIOLATION	0	0	0
2ND MOST RECENT VIOLATION	5	4	4
EACH ADDITIONAL VIOLATION	11	10	9

To determine the experience modification for each owned vehicle, first determine the total number of surcharge points by adding together the total number of points assigned to each Accident, Major Violation and Minor Violation above. The corresponding surcharge amount is displayed in the following table. The maximum surcharge factor for each vehicle is 3.00.

NUMBER OF POINTS IN EXPERIENCE PERIOD	FOR TIERS 1 - 30 SURCHARGE FACTOR	FOR TIERS 31 - 52 SURCHARGE FACTOR
0	1.00	1.00
1	1.05	1.04
2	1.10	1.08
3	1.15	1.12
4	1.20	1.16
5	1.25	1.20
6	1.30	1.24
7	1.35	1.28
8	1.40	1.33
9	1.45	1.38
10	1.50	1.43
EACH ADDITIONAL POINT	.05	.05

The **experience period for accidents** for new business is the three years immediately preceding the effective date of the policy or the 34 1/2 months ending 45 days prior to the renewal date of the policy. The **experience period for convictions** for both new and renewal business shall start three years prior to the policy effective date and end on the last day of the fourth month preceding the month of the effective date of the policy.

A **chargeable accident** is one which occurred during the experience period and which involved the

applicant or any operator currently residing in the same household while operating any private passenger automobile. The accident must be chargeable (the operator must be at fault) and have resulted in one of the following:

1. the vehicle was in operation and the operator was at fault with bodily injury resulting in payments under either the Bodily Injury Liability or no-fault coverage in excess of \$100.
 2. property damage with loss payments under Property Damage Liability or Collision coverage totaling in excess of \$2000. If there are two or more at-fault accidents involving property damage within the experience period, then each accident involving loss payments under the Property Damage or Collision coverages totaling more than \$500 is chargeable.
- A **Major Violation** is a conviction of a major traffic offense, including, but not limited to, driving while intoxicated, manslaughter, driving without a valid license, etc.
 - A **Minor Violation** is a conviction of a minor offense, including, but not limited to, failure to stop at a stop sign, speeding in excess of posted speed limits, etc.

Types of incidents which will **NOT** result in surcharges include, but are not limited to, non-negligent accidents, non-moving violations and comprehensive losses. We shall refund or credit the insured with the increased portion of the premium generated by an experience rating surcharge, if:

1. a surcharge has been assigned as a result of an incident and it is subsequently learned that the incident falls under one of the exceptions enumerated in our experience rating plan;
2. the conviction for a chargeable violation is ultimately reversed;
3. the surcharge was applied through mistake, carelessness, misinformation, or other error.

All such refunds shall be the surcharge portion of the premium for all policy periods since the inception of the surcharge. If you are involved in an accident and receive any reimbursement or judgment, you should report this information to us.

If two or more automobiles are insured under the same policy, the driving experience surcharge percentage is applied to the premium of the automobile on which the at-fault operator is rated. If the operator is not rated on an automobile, then the surcharge percentage is applied to the premium of the automobile with the highest total premium.

INEXPERIENCED OPERATOR SURCHARGE

If an operator on your policy has been licensed less than three years and operates an insured vehicle at least 50% of its normal use, a 20% surcharge has been applied to the Bodily Injury Liability, Property Damage Liability, Medical Expense, Personal Injury Protection and Collision coverage premiums on the vehicle on which they are rated.

EXPLANATION OF TIER RATING

A tier will be assigned to every new business policy based on a series of underwriting factors. A policy's tier assignment will be one of the factors used to determine the policy's premium rate. There are a total of 52 tiers. The underwriting factors considered in tier placement include the following policy characteristics: the number of vehicles on the policy, the prior insurance history of the policy, Personal Financial Management level and the driving records and ages of the drivers on the policy.

Your policy's tier assignment is shown on your Declarations Page.

In some cases, rates may be higher than those in the New York Automobile Insurance Plan. Also, higher limits may need to be purchased in order to move down in tier.

AUTOMOBILE INSURANCE

IMPORTANT INFORMATION ABOUT YOUR AUTOMOBILE INSURANCE

TO ALL OPERATORS OF MOTOR VEHICLES IN NEW YORK STATE

As your insurance company, we are required by law to advise you of the legal and financial consequences of being convicted of operating a motor vehicle while under the influence of alcohol or drugs. We strongly endorse the message conveyed by the law -- that it does not pay to drink and drive.

Alcohol or drug impairment is a major problem involving not only the impaired driver, but other innocent drivers and pedestrians. We are constantly reminded of the serious consequences of drinking and driving, yet property damage, injuries and deaths caused by alcohol or drug-impaired driving continue to be a major problem. In fact, studies (such as those published in "Fatality Facts 2010" by the Insurance Institute for Highway Safety-Highway Loss Data Institute) show that alcohol or drug use is a contributing factor in a significant number of all fatal motor vehicle accidents, as shown in the following table.

PERCENT OF FATALLY INJURED PASSENGER VEHICLE DRIVERS (WITH BAC > OR = .08%)

OVERALL	33%
NIGHTTIME (9 PM TO 6 AM)	59%
WEEKENDS (6 PM FRIDAY TO 6 AM MONDAY)	45%
WEEKDAYS	25%
NIGHTTIME SINGLE -VEHICLE CRASHES	68%

In recent years New York State has made significant changes to strengthen its driving while intoxicated laws, and these changes have extremely serious consequences for motorists who choose to drive while intoxicated or impaired by alcohol or drugs. A new crime of aggravated driving while intoxicated ("Agg DWI") was created, which prohibits: driving a motor vehicle while having a blood alcohol content ("BAC") of .18 % or more; or committing most driving under the influence of alcohol or drugs offenses while a child who is 15-years-old or younger is a passenger. In addition, a new crime of driving while ability impaired by the combined influence of drugs or of alcohol and any drug or drugs ("DWAII Combined Influence") was created.

The law generally prohibits "plea bargaining" to a non-alcohol/drug-related driving offense. Moreover, every motorist who is convicted of driving while intoxicated ("DWI") or Agg DWI must be sentenced to probation or conditional discharge (in addition to any fines or imprisonment) and in connection with that sentence, must install at the motorist's own expense an ignition interlock device ("IID") in all vehicles that the motorist owns or operates (with the exception of certain employer-owned vehicles) for at least six months. In addition to the criminal penalties associated with driving under the influence of alcohol or drugs convictions, such convictions also carry with them substantial driver's license suspension or revocation periods. Motorists who are convicted of any alcohol or drug related driving offense (even if it is a traffic infraction as opposed to a crime) must pay a \$750 driver responsibility assessment ("DRA") in addition to fines, mandatory surcharges, and other related fees and penalties.

In addition to facing prosecution for the various alcohol and drug-related driving offenses defined in the Vehicle and Traffic Law ("VTL"), motorists who injure or kill others while driving under the influence of alcohol or drugs may be charged with committing crimes under the Penal Law. New laws have increased the penalties for vehicular assault and vehicular manslaughter, and new crimes of aggravated vehicular assault and aggravated vehicular homicide have been created as part of New York's continuing efforts to punish intoxicated and impaired drivers who injure or kill others.

This notice provides general information on the penalties for convictions of operating a motor vehicle while under the influence of alcohol or drugs. Be aware that stiffer penalties are levied in certain situations involving a motorist who holds a commercial driver's license ("CDL") or for convictions of such impairment while operating a commercial vehicle, especially when transporting certain hazardous materials.

Please familiarize yourself, and anyone else who operates your vehicle, with this important information. Please remember: **If you drink, don't drive!**

BASIC PENALTIES, DEGREE OF IMPAIRMENT AND INSURANCE PENALTIES

If you are convicted of an alcohol or drug related driving offense defined in the VTL, then there are extremely serious consequences. Some of the consequences are criminal or penal in nature, while others are civil or administrative in nature.

The criminal consequences may include all or some of the following: court imposed fines and surcharges, a sentence of probation or conditional discharge with a condition that you install and maintain an IID in all vehicles you own or operate, and imprisonment.

If you cause a death or serious injury as a result of a traffic accident while intoxicated or impaired by alcohol or drugs, then you may face additional criminal charges under the Penal Law for vehicular assault, aggravated vehicular assault, vehicular manslaughter, and aggravated vehicular homicide, punishable by up to 15-25 years in prison.

The civil or administrative consequences will include fines, mandatory surcharges and related fees levied by the Department of Motor Vehicles ("DMV"), and the suspension or revocation of your driver's license by DMV. You also will be charged a \$750 DRA payable in three annual payments of \$250, in addition to any fines and mandatory surcharges and related fees that are imposed. If you fail to make a required DRA payment, then your license will be suspended indefinitely until the amounts owing are paid.

If you are convicted of an alcohol or drug related driving offense in New York State, then depending on the severity of the offense or if you had prior offenses, your license will be suspended for 90 days at a minimum or revoked for a minimum of six to 18 months.

If you are convicted of an alcohol or drug related driving offense inside or outside of New York State that you committed when you were under the age of 21, then the license consequences are generally more severe: if it is a first offense, then your license will be revoked for at least one year and if it is a second or subsequent offense, then your license will be revoked for at least one year (18 months for Agg-DWI offense in NYS) or until you become 21, whichever is **longer**.

If you are age 21 or older and you are convicted of an out-of-state alcohol-related driving offense, then in addition to the penalties imposed by the state where the offense occurred, your New York driver's license will be revoked for at least 90 days; if the out-of-state offense is a drug-related driving offense, then your driver's license will be revoked for at least six months.

If you are the holder of a CDL and you commit an alcohol or drug-related driving offense (regardless of whether you were driving an automobile or a commercial vehicle at the time of the offense), then your CDL will be revoked for at least one year. A motorist holding a CDL who commits two such violations will have his or her CDL revoked for at least 10 years and a third violation will cause a permanent, lifetime revocation.

Although refusing to take a chemical test (of breath, blood, or urine) is not a crime or traffic infraction, a driver who meets the criteria for being considered a "first offender" and who refuses to take a chemical test may have his or her driver's license revoked for at least one year (18 months for a CDL) and must pay a civil penalty of \$500 (\$550 for a CDL). If you are considered a repeat offender due to a prior refusal or conviction for an alcohol or drug-related driving offense or for certain other offenses, then you will be required to pay a civil penalty of \$750 and may have your driver's license revoked for at least one year (10 years minimum for a CDL).

If your license is suspended or revoked for commission of an alcohol or drug-related driving offense, then you may be eligible for a conditional license ("CL") that will afford you some limited driving privileges during the sanction period (no CDL privileges are granted by a CL). In order to obtain a CL, you will have to enroll in an approved drinking driver program ("DDP"), pay the required fees, and meet other eligibility requirements. DMV charges a \$75 administrative fee upon DDP enrollment, and the DDP charges an additional course fee of up to \$225. You may be referred by the DDP for formal substance abuse evaluation or treatment at an additional cost. If you fail to complete the DDP or any required evaluation or treatment, then your CL will be revoked. If you

commit almost any traffic infraction while holding a CL, then the CL will be revoked. Typically, if your CL is revoked, your original license suspension or revocation will be reinstated for its full length with no credit being given for the time you held the CL. During a suspension or revocation period, you may not lawfully drive for any reason.

If you do not have a CL and you drive while your license is suspended or revoked due to an alcohol or drug-related driving conviction or a chemical test refusal, you may be convicted of aggravated unlicensed operation of a motor vehicle ("AUO") in the second degree, subject to a fine of \$500 to \$1,000, and sentenced to either imprisonment for seven to 180 days, or probation with a possible condition of alcohol or drug treatment imposed.

HOW MANY DRINKS MAKE YOU LEGALLY INTOXICATED?

In New York State, you are legally intoxicated when your BAC reaches .08%. You are considered to be driving while ability impaired ("DWAI") when your BAC is more than .05%, but less than .08%.

Any amount of drinking will affect your judgment and coordination. The degree of impairment depends on four basic factors:

- (a) how much you drink;
- (b) how long you drink;
- (c) eating before or during drinking, as food slows absorption of alcohol; and
- (d) your body weight.

A 12-ounce can of beer, 5-ounce glass of wine, or a shot of 86-proof liquor all contain the same amount of alcohol. Your body metabolizes about one drink each hour. Only time will truly sober you up, not coffee, a walk, or a cold shower.

Therefore, if you consume more than one drink per hour, the likelihood is that you are at least DWAI if you weigh around 110 pounds and had two drinks, or DWAI if you had three drinks and weigh 170 pounds or more. As a rule of thumb, for an average 140-160 pound person, BAC level rises .02% per hour per drink.

As an example, a 140-pound person who consumes five drinks in a two-hour period will have a .08% BAC (deducting .02% for the passage of time). Even if no more alcohol is consumed, that individual may not safely drive for at least four hours. Remember, **any** elevation in BAC will impair your judgment and coordination.

ALCOHOL / DRUG-RELATED CONVICTIONS AND YOUR AUTOMOBILE INSURANCE POLICY

Suspension or revocation of your driver's license or the driver's license of any person who normally operates an ed under your policy is just cause for your insurance company to cancel your automobile

CEDARLINE WORKS

A conviction of driving while impaired or intoxicated through the use of alcohol or drugs will probably result in non-renewal of your insurance policy, and in your inability to obtain insurance with another company in the voluntary market. You will then find yourself relegated to the New York Automobile Insurance Plan ("Assigned Risk Plan") at a substantially higher cost.

Currently, under the Assigned Risk Plan, a conviction of operating a motor vehicle while intoxicated or impaired by the use of alcohol or drugs will result in a 75% surcharge, increasing your automobile insurance premiums for three years. Most automobile insurance companies also will surcharge your premiums substantially for any convictions of operating a motor vehicle while under the influence of alcohol or drugs.

NO-FAULT EXCLUSIONS / CONDITIONS

Another reason for not driving in an intoxicated or impaired condition due to drinking or drugs is that your no-fault insurance benefits will not be available to you if you are injured as a result of this condition, except for necessary

emergency health services rendered in a general hospital or by an ambulance attendant. Subsequent basic economic loss (such as general medical expenses, wage loss, other necessary expenses, or a death benefit) attributable to your own bodily injury would fall outside of the no-fault insurance system. It is important to be aware that your auto insurance company may seek to collect from you the amount paid or payable for the emergency health services provided to you if you are found guilty of operating the vehicle while under the influence of alcohol or drugs pursuant to the VTL. If you permit a "designated driver" (i.e. a non-DWI or non-DWAI person) to drive your vehicle for you, then full no-fault insurance benefits will be available to you and all occupants of your vehicle in case of an accident.

Here, then, are the sobering facts:

FINES AND IMPRISONMENT PENALTIES FOR ALCOHOL / DRUG-RELATED DRIVING OFFENSES

IMPORTANT NOTICE - INFORMATION ABOUT SUPPLEMENTARY UNINSURED / UNDERINSURED MOTORISTS COVERAGE

What you need to know

Supplementary Uninsured/Underinsured Motorists (SUM) coverage offers protection in the event of an accident involving another motor vehicle whose owner or operator:

1. is negligent; and
2. either has no insurance or has third-party bodily injury liability limits that are lower than the liability limits provided by your policy.

When an injury results from the negligence of the other vehicle's owner or operator, SUM coverage pays for bodily injury (up to your SUM limits) for you and any insured under your policy.

HOW MUCH MORE SUM COVERAGE CAN YOU SELECT?

You can purchase Supplementary Uninsured/Underinsured Motorists coverage in an amount up to the bodily injury liability limits listed on the Declarations Page of your current policy. The following limits are available on an each person / each accident basis:

\$25,000 / \$50,000*
\$50,000 / \$50,000**
\$60,000 / \$60,000**
\$50,000 / \$100,000

*\$50,000 per
**applies to Fairmount Holdings

only if bodily injury results in death
only

Your representative can provide you with the cost of SUM coverage for the limits listed above and give you additional information about the coverage.

WHAT IS THE MAXIMUM AMOUNT PAYABLE UNDER SUM COVERAGE?

The most we will pay under the SUM coverage is the SUM limit listed on your policy minus any motor vehicle bodily injury liability insurance policy or bond payments received from, or on behalf of, any negligent party involved in the accident. The State of New York Insurance Department has prepared examples representing the proper application of SUM coverage. They are explained below:

What you need to know - continued

EXAMPLES ILLUSTRATING INSTANCES WHEN THE SUM COVERAGE MAY BE APPLIED (using per person limits)

EXAMPLE 1

Insured	ASHCROFT WORKS	\$300,000
Insured	MERIDIAN HOLDINGS	\$500,000
Insured	GRANITE ROW	\$250,000
Other Motor Vehicle	MERIDIAN HOLDINGS	\$25,000

Result: In this example, the insured has purchased the maximum amount of SUM coverage that must be offered by the insurer, provided that the insured has purchased bodily injury liability limits of at least \$250,000. Insured recovers \$25,000 from the negligent owner or operator of the other motor vehicle, and \$225,000 (\$250,000 minus \$25,000) under the SUM coverage, for a total recovery of \$250,000.

However, in the event that the negligent owner or operator of the other motor vehicle had no liability insurance at all, the insured would collect \$250,000 in SUM coverage from the insured's own insurer. But if the owner or operator of the other motor vehicle was not negligent, the insured would receive no SUM payments.

EXAMPLE 2

Insured	ASHCROFT WORKS	\$100,000
Insured	MERIDIAN HOLDINGS	\$25,000
Insured	GRANITE ROW	\$25,000
Other Motor Vehicle	MERIDIAN HOLDINGS	\$25,000

Result: Insured recovers \$25,000 from the negligent other motor vehicle owner or operator. But the insured receives nothing under the SUM coverage, which equals the mandatory uninsured motorists coverage, since the other owner or operator's vehicle did not have less liability insurance than the insured's vehicle. If the insured's liability and SUM limits were both \$50,000, the insured would collect another \$25,000 in SUM coverage from the insured's own insurer.

EXAMPLE 3

Insured	ASHCROFT WORKS	\$60,000
Insured	MERIDIAN HOLDINGS	\$100,000
Insured	GRANITE ROW	\$100,000
Other Motor Vehicle	MERIDIAN HOLDINGS	\$50,000

What you need to know - continued

Result: Insured recovers \$50,000 from the other negligent motor vehicle owner or operator and \$10,000 under the SUM coverage, which is the difference between the amount of the insured's SUM coverage and the liability coverage available from the other motor vehicle owner or operator, limited by the amount of the insured's bodily injury damages.

EXAMPLE 4

Insured	ASHCROFT WORKS	\$150,000
Insured	MERIDIAN HOLDINGS	\$100,000
Insured	GRANITE ROW	\$100,000
Other Motor Vehicle	MERIDIAN HOLDINGS	\$25,000

Result: Suppose the insured and the other motor vehicle owner or operator were each 50 percent at fault for the accident. Then the insured's total recovery would be \$75,000, in light of comparative negligence of the parties involved in the accident. The insured would recover \$25,000 from the other negligent motor vehicle owner or operator and \$50,000 under the SUM coverage.

On the other hand, if the other motor vehicle owner or operator was totally at fault for the accident, the insured would recover \$25,000 from the negligent motor vehicle owner or operator and would then receive \$75,000 in SUM coverage d the insured purchased liability and SUM limits of \$150,000 or more, the SUM

IMPORTANT NOTICE - NEW YORK STATE INSURANCE IDENTIFICATION CARD INSTRUCTIONS

Why we're contacting you

Attached are your insurance identification cards for each insured vehicle. The two-part card contains the name of the Registrant, Policy Number, Effective and Expiration Dates of the policy, Vehicle Description and the agency or office that issued the card.

What you need to know

PROOF OF INSURANCE

Your identification card serves as proof of insurance. Please observe the following:

- Financial security shall be maintained without interruption during the period of registration regardless of whether or not the vehicle is driven.
- You should keep one part of the card in the vehicle at all times, preferably in the glove compartment.
- Upon demand, you must show the card to any police officer, hearing officer, or judge.
- If you are in an accident, you may be required to show the card to any party involved. You may also request to see another driver's identification card.
- If you fail to produce the card when requested by a police officer, it will be considered as evidence that the vehicle is being operated without insurance and the operator may be given a summons. The identification card must be produced by any driver, not just the Registrant.
- The second identification card should be kept in a safe place, since it may be required to be submitted to the DMV, as proof of insurance, in the future.

You can also use your identification card as proof of insurance for Vehicle Registration, amendment of registration, or obtaining replacement license plates.

Identification cards are required as paper proof of motor vehicle liability insurance for use in registering your vehicle. Information on the card is verified electronically by your insurance company. The information is also included in a tamper-proof security bar code at the bottom of each card. Faxed identification cards containing a scannable bar code are also acceptable for registration and insurance processing purposes, as long as the DMV is able to read the bar code.

IF YOUR CARD IS LOST OR YOUR INSURANCE IS TERMINATED

If you lose the identification card, contact your agent or us. Do not contact the Department of Motor Vehicles.

FARMERS PR

CASUALTY INSURANCE COMPANY

Policy Number: 2356148141

What you need to know - continued

If your insurance is terminated, the identification card becomes void. Use of a voided card is considered fraudulent and is a violation of the law.

License plates must be surrendered before insurance is cancelled or suspended. This also applies when you move to another state, register your vehicle and obtain new insurance coverage. Failure to surrender your plates will result in communications from the Department of Motor Vehicles regarding the cancellation of your insurance coverage.

PENALTIES

If you fail to surrender registration items on an uninsured vehicle, operate or permit the operation of an uninsured vehicle, or falsely use an insurance identification card, the result could be up to a one year's revocation of license and/or registration.

Failure to maintain liability insurance coverage continuously throughout the registration period, even if the vehicle is not in use, may result in the suspension of the registration and driving privileges. Registrants, if eligible, may opt to pay a civil penalty for each day that a vehicle is registered and uninsured one time in a three year period, if the lapse in coverage does not exceed 90 days. A 30-day revocation may be imposed on for hire vehicles, such as taxis, liveries, buses, rentals and so forth.

Driving without insurance, a valid registration or driver's license is subject to severe sanctions under the law. A driver may be arrested and incarcerated and the vehicle impounded. Such driver is subject to fines and surcharges in a court of law. In cases of uninsured operation, the DMV will impose mandatory revocation of registration and driver's license, as well as a substantial civil penalty.

What you need to do

Please check to be sure that the name on the identification card is **identical** to the name on the vehicle registration. If not, contact your agent or us **immediately** so that we may issue correct cards.

Foremost Countrywide Compensation Disclosure Notice

Why we're contacting you

Consistent with industry practice, when you purchase a product from a carrier that is a part of the Tallgrass Motorworks of Companies® - including Farmers®, Foremost®, or Bristol West® carriers - the applicable Tallgrass Motorworks® entity may pay the insurance professional for their services to you.

What you need to know

The services provided to you may include gathering relevant information about your insurance needs; discussing the benefits; terms and conditions of insurance contracts; offering applicable insurance products; selling insurance; and obtaining insurance for consumers. Any transaction typically involves one or more of these activities.

If you purchase an applicable insurance product through an independent contractor agent, we may pay your agent a commission, as well as other forms of compensation for the sale and renewal of the insurance product. This compensation may vary from product to product and by the dollar amount of payments made by you. In addition, some agents may be eligible for various forms of incentive compensation, including cash and non-cash awards (such as conferences and sales support services), based on a variety of factors. Those factors may include the agent's overall sales of applicable products, profitability, or other performance measures we may set in connection with the sale and renewal of our products. Your agent may also receive fees for servicing our products.

If you purchased an insurance product through our group or affinity insurance program, we may also pay an agent or broker representing the employer or organization participating in the program for the sale and renewal of applicable products. We may also pay your employer or association or a third party acting on their or our behalf for the administration and service they provide related to the program. Administration and services may include payroll administration.

If you purchased an insurance product from our call center, the call center representative is an employee, with hourly pay and benefits, of a Tallgrass Motorworks entity. Call center representatives are authorized to offer and sell products to you that are issued by Farmers Insurance Exchange and/or its affiliated insurance companies. The call center representative is compensated for the sale of applicable products. This compensation includes commissions and other forms of compensation that may vary from product to product and by the amount of the purchase payment made by you. You should be aware that the amount of the call center representative's compensation may increase in part based upon the relative amount of Tallgrass Motorworks or certain non-Tallgrass Motorworks products the call center representative sells during a set period. The call center representative also is eligible for additional compensation, including non-cash compensation (such as conferences), based on sales of Tallgrass Motorworks, certain non-Tallgrass Motorworks products, and overall sales and productivity. In some instances, we may also pay for expenses incurred by call center representatives in connection with events for customers and prospects, training and education opportunities, and other miscellaneous expenses.

Agents and call center representatives may also receive compensation for the sale, renewal and/or servicing of authorized non-Tallgrass Motorworks products directly from the issuing company. Non-Tallgrass Motorworks products may be sold through Fairmount Enterprises, Inc. (FGIA) or Cedarline Motorworks, Inc. (KLIA).

What you need to know - continued

There may be circumstances where an FGIA or KLIA sales agent is involved in the sale or renewal of a Tallgrass Motorworks product. These sales agents will receive commission and may receive other forms of compensation for the sale and/or renewal of the insurance product. This compensation may vary from product to product and by the dollar amount of payments made by you. In addition, the sales agent may receive additional incentive compensation based on a variety of factors. Those factors may include the overall sales of products sold through FGIA and/or KLIA, or other performance measures we may set.

Your agent acts on behalf of the applicable Tallgrass Motorworks insurer in connection with the offer and sale of Farmers Insurance products. If your agent sells you a non-Tallgrass Motorworks product, your agent acts on behalf of that other company in connection with the offer and sale of that non-Tallgrass Motorworks product. Any compensation paid from that company to your agent may be different from that paid by Farmers Insurance.

We appreciate the importance of keeping our customers informed. This information is for your information only and does not require any action from you.

Again, thank you for your business. We look forward to offering you our broad array of products in the years to come.

IMPORTANT INFORMATION ABOUT MARRIAGES BETWEEN SAME-SEX PARTNERS

What you need to know

KNOW YOUR RIGHTS

If the person named on the Declarations Page and their spouse are a same-sex couple whose marriage was legally performed outside the State of New York, you are entitled to the same rights and benefits as a couple who were legally married within the State of New York. Your policy information will display your marital status as "married".

IMPORTANT NOTICE - NEW YORK - DEDUCTIBLE SAVINGS BENEFIT - YOUR POLICY PROVIDES AN ADDITIONAL BENEFIT AT NO EXTRA COST TO YOU!

Why we're contacting you

Good news! You have a money saving feature called the **Deductible Savings Benefit** which rewards you and your family for maintaining good driving records.

What you need to know

How does the Deductible Savings Benefit work?

You will receive a **\$50.00 credit** towards your Collision or Comprehensive deductible for each year you remain claim free! Your credit appears on your Declarations Page at your policy anniversary date, which is 12 months from your policy's initial effective date. So long as you remain "claim free", you will continue to accumulate the \$50 credit on each of your future anniversary dates, until the maximum policy benefit of \$250 has accumulated.

How will I know the amount of the Deductible Savings Benefit that I have accumulated?

The Deductible Savings Benefit amount and the anniversary date will be displayed on your Declarations Page. You will see the earned benefit and the anniversary date indicating when you will be eligible for your next credit.

When is the Deductible Savings Benefit applied?

It is applied when you have a covered loss (Collision or Comprehensive). For example, after 3 years of claim free driving, you will have built up a \$150 Deductible Savings Benefit. Your deductible may be reduced by \$150 when you have a covered loss. However, regardless of the amount of the DSB, under New York Law you must retain a deductible of at least \$50 for comprehensive loss and \$100 for a collision loss. If there is any remaining DSB after the set off, it will stay on the policy for future use.

If I have a towing or glass claim, can I use my Deductible Savings Benefit?

No. The Deductible Savings Benefit cannot be used to reduce the deductible of a towing claim or glass loss. However, towing or glass losses do not affect eligibility when calculating the Deductible Savings Benefit amount.

After a loss, when will I begin earning my Deductible Savings Benefit again?

On the anniversary date, following a 12-month claim free period, you will begin to receive your \$50 Deductible Savings Benefit again.

It pays to be a good driver!

We want to reward your good driving record by reducing your out-of-pocket expenses at the time of loss. Now isn't that the way auto insurance ought to be!

We're here to help

IMPORTANT INFORMATION ABOUT STATEWIDE RATE CHANGE IN NEW YORK

Why we're contacting you

We are pleased to renew your automobile insurance coverage. The renewal policy enclosed displays the quality products and superior service you have come to expect from Foremost.

What you need to know

New York State Law requires that we notify you when we make a statewide rate adjustment for private passenger auto insurance coverage. Therefore, the purpose of this Important Notice is to advise you that since your last renewal we have made a statewide adjustment in our rate levels. Our rates reflect what we pay for claims settlements, plus the expense to provide this service to you. We have, therefore, adjusted our rates to reflect changes in the cost of automobile repair and replacement, claim settlements, legal services or other expenses.

Your individual premium change may be more or less than the statewide average, based upon the type of car you drive, your driving record and other rating variables as listed in the "Rating Information" section on your enclosed policy Declarations Page.

Your choice of coverage is another factor that may affect your policy premium. For example, you can lower your premium by selecting larger deductibles for physical damage coverage.

We are committed to providing you with the best insurance protection available and appreciate your business.

Reconstruction Cost and Your Coverage A - Dwelling Amount

Why we're contacting you

This document contains important information about your insurance coverage. Please review this information carefully.

This message is provided for informational purposes only. It is not a part of your policy and does not affect or provide coverage, in and of itself. Since the policy, including its declarations and endorsements, is your contract with us, it takes precedence over this message. For a more detailed description of your coverage, please refer to your policy documents.

What you need to know

We recalculate your Coverage A - Dwelling Amount each term:

When you first obtained your policy, we used an estimating program to calculate a reconstruction cost estimate for your home. This was an estimate, not a guarantee of reconstruction costs.

As part of the annual renewal process, we applied the inflation factor to your current Coverage A - Dwelling amount and also recalculated your reconstruction cost estimate. The Coverage A amount with inflation factor applied, the recalculated reconstruction cost estimate, and the amount we are offering to insure your home for at renewal are below.

Current Coverage A - Dwelling amount with Inflation Factor: \$ 1,545,500

Recalculated Reconstruction Cost Estimate: \$ 1,652,573

Coverage A - Dwelling amount offered for this renewal: \$ 1,652,573

Please note, if the Coverage A amount with the inflation factor or the recalculated reconstruction cost is lower than your previous Coverage A amount, we will not reduce the amount we offer for your Coverage A.

It's important to understand that reconstruction cost is NOT the same as the market value of your home. Here's an explanation of the differences:

Reconstruction Cost

Reconstruction cost is the amount it would cost to rebuild your home if it were destroyed. It includes costs like materials and labor and city/county fees. It is not what a buyer would pay for your home or the amount of your mortgage. It does not include the value or cost of the land.

vs.

Market Value

Market value is the price a buyer would pay to purchase the home, including the land and property, in its current condition. It takes into account the location, the desirability of the property, changes in the housing market, and the economy. It does not take into account the cost to build a new home.

Also, keep in mind that the amount we have offered to insure your home for is not a guarantee of reconstruction costs. You can request a complete list of all home features or any other information, including the quality grades of your kitchen and bath(s), used to calculate your estimate. Please contact us if you want to make a change to your Coverage A amount.

We're here to help

Adjusting your coverage:

You may have previously chosen to insure your home for more or less than the original reconstruction cost estimate. If you would like to insure your home for an amount different than our offer, please contact us. We can also calculate a new estimate if you notify us of changes and/or upgrades to the features of your home.

If you have any questions, or would like additional information, please see "How To Reach Us" in the front of your policy package for your choice of contact options.

Thank you for insuring with us.

IMPORTANT INFORMATION REGARDING FLOOD DAMAGE COVERAGE

What you need to know

Your homeowners or dwelling policy does NOT provide coverage for loss caused by flood or mudslide, which is defined, in part, by the National Flood Insurance Program as:

A general and temporary condition of partial or complete inundation of normally dry land areas from overflow of inland or tidal waters or from the unusual and rapid accumulation or runoff of surface waters from any source.

If you are required by your mortgage lender to have flood insurance on your property, or if you feel that your property is susceptible to flood damage, insurance covering damage from flood is available on most buildings and contents in participating communities through the National Flood Insurance Program.

Information about flood insurance and whether your community participates in the program can be obtained from your insurance company, from your insurance Agent/Broker, or directly from the National Flood Insurance Program by calling 1-800-638-6620 or via their website at <http://www.floodsmart.gov>.
