POLICY NUMBER:

FLOOD/MUDSLIDE EXCLUSION ADVISORY NOTICE TO POLICYHOLDERS – NEW YORK

No coverage is provided by this notice nor can it be construed to replace any provision of your policy. You should read your policy and review your Declarations Page for complete information on the coverages you are provided. If there is any conflict between the policy and this Advisory Notice to Policyholders, **THE PROVISIONS OF THE POLICY SHALL PREVAIL.**

Your policy does not insure for loss caused directly or indirectly by:

- Flood; or
- Mudslide;

Caused by or resulting from human or animal forces or any act of nature.

Such loss is excluded:

- Regardless of any other cause or event contributing concurrently or in any sequence to the loss; and
- Whether or not the loss event results in widespread damage or affects a substantial area.

However, the exclusion of flood does not apply to direct loss by fire or explosion resulting from flood, and the exclusion of mudslide does not apply to direct loss by fire or explosion that ensues but we will pay only for the ensuing loss.

Insurance for flood damage and damage caused by mudslide may be available through a separate flood insurance policy issued in accordance with the National Flood Insurance Program (NFIP). Flood insurance under the NFIP can provide both structure and contents coverage. Your insurance agent or company representative will be able to provide you with information regarding the availability of such flood insurance.

The NFIP may be contacted by phone at 1-888-379-9531, or visit the website below for more information:

<http://www.fema.gov/business/nfip/>

In connection with this insurance, we previously used a credit report or obtained or used a credit-based insurance score based on information contained in that report. We may obtain or use credit information again, provided, however, that upon renewal such information may only be used to reduce premiums. An insurance score uses information from your credit report to help predict how often you are likely to file claims and how expensive those claims will be. Typical items from a credit report that could affect a score include, but are not limited to, the following: payment history, number of revolving accounts, number of new accounts, the presence of collection accounts, bankruptcies and foreclosures. The information used to develop the insurance score comes from LexisNexis.

Thank you for choosing New York Central Mutual for your insurance needs.
